THE COMPANY

The Company is a major supplier of information services, systems and solutions on a worldwide basis. Through its three business units, the Information Services Group, the Computer Systems Group and Global Customer Services, the Company provides systems and solutions designed to enhance the productivity, competitiveness and responsiveness of its clients.

The Company was incorporated in February 1984 under the laws of Delaware and is the successor by merger to Burroughs Corporation, a Michigan corporation incorporated in 1905. In November 1986, Sperry Corporation, a Delaware corporation incorporated in 1955, was merged with and into the Company, and the Company's name was changed to Unisys Corporation.

The principal executive offices of the Company are located at Township Line and Union Meeting Roads, Blue Bell, Pennsylvania 19424. The Company's telephone number is (215) 986-4011.

RISK FACTORS

This Prospectus contains or incorporates by reference certain forward-looking statements, as defined in the Private Securities Litigation Reform Act of 1995. All forward-looking statements rely on assumptions and are subject to risks, uncertainties and other factors that could cause the Company's actual results to differ materially from expectations. These include, but are not limited to, the risk factors set forth below. Prospective investors should consider carefully, in addition to the other information contained and incorporated by reference herein, the following factors before deciding to purchase the Notes.

COMPETITIVE MARKETPLACE

The Company operates in an industry characterized by aggressive competition, rapid technological change, evolving technology standards and short product life cycles. The Company's competitors include computer hardware manufacturers, software providers and information services companies, many of which have greater financial and other resources than the Company and are substantially less leveraged. The Company competes primarily on the basis of product performance, service, technological innovation and price. Future operating results will depend on the Company's ability to design, develop, introduce, deliver or obtain new and innovative products and services on a timely and cost-effective basis; on its ability to mitigate the effects of competitive pressures and volatility in the information technology and services market on revenues, pricing and margins; and on its ability to effectively manage the shift of its business mix away from traditional high margin product and services offerings.

HIGH LEVERAGE AND CASH REQUIREMENTS

At December 31, 1997 and 1996, the Company had approximately \$1.7 billion and \$2.3 billion principal amount of debt, respectively. Total interest expense for 1997 and 1996 was \$233.2 million and \$249.7 million, respectively. The Company's debt-to-capital ratio was 58% at December 31, 1997 and 59% at December 31, 1996.

The Company has outstanding \$1.4 billion of Series A convertible preferred stock. Dividends paid on the Series A preferred stock in 1997 amounted to \$106.3 million.

The total cash requirements associated with the restructuring actions discussed below are expected to be approximately \$180 million in 1998 and a total of \$58 million in 1999 and beyond. Several factors, including foreign currency fluctuations and negotiations with third parties, could cause actual cash requirements to differ from expectations.

During 1997, net cash used for continuing operations was \$207.1 million. For the year 1996, net cash used for continuing operations was \$64.6 million. In 1996, proceeds from the issuance of debt exceeded principal payments of debt by \$373.3 million. During 1995, net cash used for continuing operations was \$412.4 million. In 1995, discontinued operations provided cash of \$658.3 million, primarily from the sale of the Company's defense systems business.

In June 1997, the Company entered into a two-year \$200 million revolving credit facility replacing the prior one-year facility. The facility includes certain financial tests that must be met as conditions to a

borrowing and provides that no amounts may be outstanding under the facility for a minimum of 20 consecutive days in each quarter. The facility may not be used to refinance other debt. The amount the Company may borrow at any given time is dependent upon the amount of certain of its accounts receivable and inventory.

The Company may require continued access to financing sources to meet its cash requirements for debt service, restructurings and operating activities. There can be no assurance that such access will always be available to the Company or that the Company would be permitted to incur additional indebtedness under its then existing set of restrictive covenants.

NET LOSSES AND RESTRUCTURINGS

The Company operates in an industry characterized by ongoing dramatic changes, including, in the case of the Company, a shift from higher margin to lower margin products and services. In order to improve its operating results, the Company has moved aggressively to realign its operations to reflect the rapidly changing market for information processing products and services. In the fourth quarter of 1997, the Company took a one-time charge of \$1.1 billion against net income. The charge included \$127.0 million principally related to the Company's decision to discontinue the manufacturing and assembly of personal computers and low-end servers and to dispose of a small, non-strategic technology product, the writeoff of \$883.6 million in goodwill principally related to the 1986 merger of Burroughs Corporation and Sperry Corporation and \$42.0 million related to the conversion, in December 1997, of \$271.2 million of the Company's 8 1/4% convertible subordinated notes due 2006. After this charge, the Company reported a net loss of \$853.6 million for 1997. In 1995, the Company reported a net loss of \$624.6 million, which included a fourth quarter pretax restructuring charge of \$717.6 million, primarily relating to the internal realignment of the Company into three operating units and covering work force reductions, product and program discontinuances and consolidation of office facilities and manufacturing capacity. For the year ended December 31, 1996, the Company reported net income of \$49.7 million. In the fourth quarter of 1996, the Company reversed certain reserves established under the 1995 restructuring plan, due to lower-than-anticipated costs for work force reductions. This reversal was offset by charges of \$84 million relating to the refocusing and discontinuance of certain products and programs. The Company recorded special pretax charges of \$186.2 million in 1994, \$1.2 billion in 1991, \$181.0 million in 1990 and \$231.0 million in 1989. Principally due to these special charges, the Company had net losses of \$1.4 billion in 1991, \$436.7 million in 1990 and \$639.3 million in 1989. No assurance can be given that the Company will not experience losses in the future.

SYSTEMS INTEGRATION CONTRACTS

Certain of the Company's systems integration contracts are fixed-price contracts under which the Company assumes the risk for the delivery of the contracted services at an agreed-upon fixed price. The Company has at times experienced problems in performing certain of its fixed-price contracts on a profitable basis and has provided periodically for adjustments to the cost to complete such contracts. In the fourth quarter of 1995, the Company recorded a pretax charge for contract losses of \$129.0 million, primarily relating to a few large multi-year, fixed-price systems integration contracts. In the first quarter of 1997, the Company recorded charges of approximately \$25 million for additional estimated contract costs identified during the quarter. There can be no assurance that the Company will not experience such contract performance problems in the future, which problems could affect the Company's results of operations.

IMPORTANCE OF INTERNATIONAL OPERATIONS

Revenue from international operations accounted for approximately 60% of the Company's total revenue in each of the last three years. There is no material concentration of revenues in any particular country. Due to its foreign operations, the Company is exposed to the effects of foreign exchange rate fluctuations on the U.S. dollar.

The Company uses foreign exchange forward contracts and options, generally having maturities of less than nine months, to reduce such exposure. Such contracts and options are entered into for the sole purpose of hedging certain transactional exposures. The Company does not hold or issue financial instruments for speculative trading purposes. In addition to fluctuations in foreign currency exchange rates, the Company's

international business could be affected by many factors beyond its control, such as instability of foreign economies, U.S. and foreign government laws and policies affecting trade and investment, and governmental changes. Although the Company has not experienced any significant problems in foreign countries arising from such factors, there can be no assurance that such problems will not arise in the future.

REPURCHASE OF THE NOTES UPON A CHANGE IN CONTROL

Upon a Change in Control (as defined), the Company must offer to purchase the Notes then outstanding at a purchase price equal to 101% of the principal amount thereof, plus accrued interest to the date of purchase. See "Description of Notes -- Change in Control."

The Change in Control purchase feature of the Notes may in certain circumstances discourage or make more difficult a sale or takeover of the Company. The occurrence of a Change in Control would enable the holders of certain other outstanding debt securities of the Company to exercise repurchase rights of the type described herein and would, in most cases, permit members of the bank group to terminate their lending commitments under the Company's revolving credit facility. There can be no assurance that the Company will have sufficient funds available at the time of any Change in Control to effect the repurchase of the Notes. See "Description of Notes."

RECENT DEVELOPMENTS

On January 15, 1998, the Company reported net income before one-time charges of \$199.0 million for the year ended December 31, 1997, compared with net income before one-time charges of \$61.8 million in 1996. Before one-time items, the Company earned \$0.46 per share on a diluted basis after payment of preferred dividends in 1997, compared to a loss of \$0.34 per share in 1996. Operating income before one-time items was \$613.8 million in 1997, compared to \$327.4 million in 1996. Net income for the fourth quarter of 1997 before one-time items was \$86.9 million, or \$0.25 per share on a diluted basis after preferred dividends, compared to net income before one-time items of \$55.7 million, or \$0.14 per share on a diluted basis after preferred dividends, in the fourth quarter of 1996. Operating income before one-time items was \$217.5 million in the fourth quarter of 1997 and \$146.9 million in the fourth quarter of 1996.

In the fourth quarter of 1997, the Company took a one-time charge of \$1.1 billion against net income. After this charge, the Company reported a fourth quarter 1997 net loss of \$965.7 million, compared to net income of \$43.6 million after a one-time item in the fourth quarter of 1996. Including one-time items, the net loss for the year ended December 31, 1997 was \$853.6 million, or \$5.30 per share after preferred dividends. Net income in 1996 was \$49.7 million, or a loss of \$0.41 per share after preferred dividends.

The one-time charge against 1997 fourth quarter net income included the writeoff of \$883.6 million in goodwill principally related to the 1986 merger of Burroughs Corporation and Sperry Corporation, \$127.0 million principally related to the Company's decision to discontinue the manufacturing and assembly of personal computers and low-end servers and to dispose of a small, non-strategic technology product and \$42.0 million related to the conversion, in December 1997, of \$271.2 million of the Company's 8 1/4% convertible subordinated notes due 2006. The writeoff of goodwill reflects the rapid changes that continue to occur in the marketplace away from proprietary technology and maintenance as well as the Company's decision to change the method used for measuring the remaining value of goodwill.

Revenue for the year ended December 31, 1997 was \$6.64 billion, compared to \$6.37 billion in 1996. Revenue for the fourth quarter of 1997 was \$1.90 billion, compared to \$1.81 billion in the fourth quarter of 1996. During the year ended December 31, 1997, the Company generated \$383.5 million in cash flow from operating activities, an increase of \$473.2 million from 1996. During the fourth quarter of 1997, the Company generated \$393.7 million in cash flow from operations, up from \$263.0 million in the fourth quarter of 1996.

During the fourth quarter of 1997, approximately \$616 million principal amount of the Company's 8 1/4% convertible subordinated notes due 2000 and 2006 were converted into common stock. On February 5, 1998, the Company will redeem, at par, all \$197.5 million of its 9 1/2% senior notes due July 15, 1998. These actions will reduce by more than \$58 million the Company's cash usage and interest expense in 1998.

USE OF PROCEEDS

The net proceeds from the sale of the Notes offered hereby, after deducting the underwriting discount and expenses of the offering, are estimated to be approximately \$195.0 million. Such proceeds will be used to call, at 101.77% of the principal amount thereof, \$200 million principal amount of the Company's 10 5/8% senior notes due 1999.

CAPITALIZATION

The following table sets forth the capitalization of the Company as of December 31, 1997, and as adjusted to give effect to (i) the redemption of the 9 1/2% senior notes referred to in "Recent Developments" above and (ii) the sale of the Notes offered hereby and the assumed redemption of \$200 million of the Company's 10 5/8% senior notes. 1997	1996	1995	1994	1993

The ratio of earnings to fixed charges has been computed by dividing income (loss) from continuing operations before income taxes, extraordinary items and changes in accounting principles minus undistributed earnings of associated companies plus fixed charges by fixed charges. Fixed charges consist of interest on all indebtedness, amortization of debt issuance expenses and the portion of rental expense representative of interest.

* Earnings for the years ended December 31, 1997 and 1995 were inadequate to cover fixed charges by \$752.9 million and \$776.1 million, respectively.

DESCRIPTION OF NOTES

GENERAL

The following description of the Notes offered hereby (referred to in the accompanying Prospectus as "Debt Securities") supplements, and to the extent inconsistent therewith supersedes, insofar as such description relates to the Notes, the description of the general terms and provisions of the Debt Securities set forth in the accompanying Prospectus, to which description reference is hereby made.

The Notes will be issued under an Indenture dated as of August 6, 1992 between the Company and Bank One, NA, as trustee (the "Trustee"), as supplemented by a Fourth Supplemental Indenture (the "Supplemental Indenture") thereto (such Indenture and Supplemental Indenture, collectively, the "Indenture"). The following is a summary of the material provisions of the Indenture. The summary does not purport to be complete and is subject to, and qualified in its entirety by reference to, all the provisions of the Indenture, including the definitions of certain terms therein. Wherever particular defined terms of the Indenture not otherwise defined herein are referred to, such defined terms shall be incorporated herein by reference. The Indenture is an exhibit to the Registration Statement.

The Company does not currently intend to list the Notes on any securities exchange or to seek approval for quotation through any automated quotation system. There can be no assurance that an active public market for the Notes will develop. The absence of an active public trading market could have an adverse effect on the liquidity and value of the Notes.

PRINCIPAL, MATURITY AND INTEREST

The aggregate principal amount of the Notes is limited to \$200 million. Each Note will mature on April 1, 2008 and will bear interest at the rate per annum shown on the cover page hereof. Interest on the Notes will accrue from the date of original issuance or from the most recent interest payment date to which interest has been paid or provided for, payable semiannually (to holders of record at the close of business on the March 15 or September 15 immediately preceding the interest payment date) on April 1 and October 1 of each year, commencing April 1, 1998.

Interest on the Notes will be paid by check mailed to the persons in whose names the Notes are registered at the close of business on the applicable record date or, at the option of the Company, by wire transfer to accounts maintained by such person with a bank located in the United States. The principal of the Notes will be paid upon surrender of the Notes at the corporate trust office of the Trustee. While the Notes are represented by Global Notes, the Company will make payments of interest by wire transfer to the Depositary or its nominee, as the case may be, which will distribute payments to beneficial holders in accordance with its customary procedures. See "-- Book-Entry, Delivery and Form."

The Company has no sinking fund obligation with respect to the Notes. The provisions of the Indenture described in the accompanying Prospectus under "Description of the Debt Securities -- Defeasance" shall apply to the Notes.

RANKING

The Notes will be senior unsecured obligations of the Company, ranking pari passu with all existing and future senior indebtedness of the Company and senior to subordinated indebtedness.

OPTIONAL REDEMPTION

The Notes may not be redeemed prior to April 1, 2003 on and after which date the Notes may be redeemed at the option of the Company as a whole, or from time to time in part, in multiples of \$1,000, on any date prior to maturity, upon mailing a notice of such redemption not less than 30 nor more than 60 days prior to the date fixed for redemption to the holders of Notes to be redeemed, at the following redemption prices (expressed in percentages of the principal amount) together in each case with accrued interest to the date fixed for redemption:

If redeemed during the twelve-month period beginning April 1:

YEAR -----	PERCENTAGE -----
2003	103.938%
2004	102.625%
2005	101.313%
2006 and thereafter	100.000%

;provided that if the date fixed for redemption is April 1 or October 1, then the interest payable on such date shall be paid to the holder of record on the preceding March 15 or September 15.

If fewer than all of the Notes are to be redeemed, the Trustee shall select, in such manner as it shall deem appropriate and fair, which Notes shall be redeemed in whole or in part, and shall promptly notify the Company in writing of the Notes selected for redemption. On or prior to the redemption date specified in the notice of redemption, the Company will deposit with the Trustee money sufficient to pay the redemption price, together with all accrued interest, of all Notes or portions thereof to be redeemed.

FALL-AWAY EVENT

In the event that the Notes achieve Investment Grade Status and no Event of Default or Default shall have occurred and be continuing (the occurrence of the foregoing events, being collectively referred to as the "Fall-away Event"), the "Limitation on Company and Subsidiary Indebtedness," "Limitation on Restricted Payments" and "Limitation on Transactions with Related Persons" covenants described under "-- Certain Covenants" will no longer be applicable to the Company and its Subsidiaries. See "-- Certain Covenants."

CHANGE IN CONTROL

Upon any Change in Control (as defined below) with respect to the Company, each holder of Notes shall have the right (the "Repurchase Right"), at the holder's option, to require the Company to repurchase all of such holder's Notes, or a portion thereof which is \$1,000 or any integral multiple thereof, on the date (the "Repurchase Date") that is 45 days after the date of the Company Notice (as defined below) at a price (the "Put Price") equal to 101% of the principal amount of the Notes, plus accrued interest, if any, to the Repurchase Date.

Within 30 days after the occurrence of a Change in Control, the Company is obligated to mail to all holders of record of the Notes a notice (the "Company Notice") of the occurrence of such Change in Control and the Repurchase Right arising as a result thereof. The Company shall deliver a copy of the Company Notice to the Trustee and shall cause a copy of such notice to be published in The Wall Street Journal or another newspaper of national circulation. To exercise the Repurchase Right, a holder of Notes must deliver on or before the 30th day after the date of the Company Notice irrevocable written notice to the Company (or an agent designated by the Company for such purpose) and the Trustee of the holder's exercise of such right together with the Notes with respect to which the right is being exercised, duly endorsed for transfer.

"Change in Control" means an event or series of events as a result of which (i) any "person" (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) is or becomes the "beneficial owner" (as defined in Rules 13d-3 and 13d-5 under the Exchange Act) of shares entitling the holder thereof to cast more than 50% of the votes for the election of directors of the Company; (ii) the Company consolidates with or merges into any other corporation, or conveys, transfers or leases all or substantially all of its assets to any person, or any other corporation merges into the Company, and, in the case of any such transaction, the outstanding Common Stock of the Company is changed or exchanged as a result; or (iii) at any time Continuing Directors do not constitute a majority of the Board of Directors. "Continuing Director" means at any date a member of the Company's Board of Directors (i) who was a member of such board 24 months prior to such date or (ii) who was nominated or elected by at least two-thirds of the directors who were Continuing Directors at the time of such nomination or election or whose election to the Company's Board of Directors was recommended or endorsed by at least two-thirds of the directors who were Continuing Directors at the time of such election (under this definition, if the present Board of Directors of the Company were to approve a new director or directors and then resign, no Change in Control would occur even though the present Board of Directors would thereafter cease to be in office). No quantitative or other established meaning has been given to the phrase "all or substantially all" (which appears in the definition of Change in Control) by courts which have interpreted this phrase in various contexts. In interpreting this phrase, courts make a subjective determination as to the portion of assets conveyed, considering such factors as the value of assets conveyed and the proportion of an entity's income derived from the assets conveyed. To the extent the meaning of such phrase is uncertain, uncertainty will exist as to whether or not a Change in Control may have occurred (and, accordingly, whether or not the holders of Notes will have the right to require the Company to repurchase their Notes).

Certain transactions sponsored by the Company's management or an affiliate of the Company could constitute a Change in Control that would give rise to the Repurchase Right. The Indenture does not provide the Company's Board of Directors with the right to limit or waive the Repurchase Right in the event of any such transaction. The right to require the Company to repurchase the Notes could delay or deter a Change in Control of the Company, whether or not such Change in Control were supported by the Board of Directors of the Company.

The occurrence of a Change in Control would enable the holders of certain other outstanding debt securities of the Company to exercise Repurchase Rights of the type described above and would, in most cases, permit members of the bank group to terminate their lending commitments under the Company's revolving credit facility. If a Change in Control occurs, there can be no assurance that the Company would have sufficient funds to repurchase any or all Notes then required to be repurchased under the Indenture.

If an offer is made to repurchase Notes as a result of a Change in Control, the Company will comply with all tender offer rules, including but not limited to Section 13(e) and 14(e) under the Exchange Act and Rules 13e-1 and 14e-1 thereunder, to the extent applicable to such offer.

CERTAIN DEFINITIONS

Set forth below is a summary of certain of the defined terms used in the Indenture. Reference is made to the Indenture for the full definition of all such terms as well as any other capitalized terms used herein for which no definition is provided.

"Acquired Indebtedness" means Indebtedness of a Person (i) existing at the time such Person becomes a Consolidated Subsidiary or (ii) assumed in connection with the acquisition of assets of such Person.

CERTAIN COVENANTS

Set forth below is a summary of certain covenants contained in the Indenture. The following summary does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the provisions of the Indenture. The Indenture will provide that all of the following restrictive covenants will be applicable to the Company unless and until the Fall-away Event occurs. In such event, the Company will be released from its obligations to comply with certain of the restrictive covenants described below as well as certain other obligations. The covenants that will be released upon the Fall-away Event are "Limitation on Company and Subsidiary Indebtedness," "Limitation on Restricted Payments" and "Limitation on Transactions with Related Persons."

Limitation on Company and Subsidiary Indebtedness

The Company will not, and will not permit any Consolidated Subsidiary of the Company to, create, incur, assume, guarantee the payment of, or otherwise become liable for, any Indebtedness (including Acquired Indebtedness) other than Permitted Indebtedness, unless, at the time of such event and after giving effect thereto on a pro forma basis, the Company's Consolidated Interest Coverage Ratio for the last four full fiscal quarters immediately preceding such event, taken as one period, is not less than 2.0 to 1.

Limitation on Restricted Payments

The Company will not, and will not permit any Consolidated Subsidiary of the Company to, directly or indirectly, (i) declare or pay any dividend on, or make any distribution in respect of or purchase, redeem or retire for value any capital stock of the Company, other than (a) through the issuance solely of the Company's own capital stock (other than Redeemable Stock) or options, warrants or other rights thereto or (b) in the case of any such capital stock that is Redeemable Stock ("Existing Redeemable Stock"), through the issuance solely of the Company's own capital stock (including new shares of Redeemable Stock, provided such new shares of Redeemable Stock have an Average Life equal to or greater than the lesser of (1) the remaining Average Life of the Existing Redeemable Stock or (2) the remaining Average Life of the Notes), or (ii) make any principal payment on, or redeem, repurchase, defease or otherwise acquire or retire for value, prior to scheduled maturity, mandatory sinking fund date or mandatory repayment date (including any repayment date arising from the right of a holder of any Indebtedness to require such Indebtedness to be paid by the Company prior to its stated maturity but excluding any repayment date arising as a result of any Indebtedness being declared due and payable prior to the date on which it would otherwise become due and payable due to any default in the performance of any term or provision of such Indebtedness), any Indebtedness of the Company which is subordinate in right of payment to the Notes (other than with, and to

the extent of, the proceeds from the incurrence of Refinancing Indebtedness that constitutes Permitted Indebtedness) (such payments or any other actions described in (i) and (ii), collectively, "Restricted Payments").

The Company or any Consolidated Subsidiary of the Company may make a Restricted Payment which would otherwise be prohibited by the preceding paragraph, provided, that (i) at the time of and after giving effect to the proposed Restricted Payment no Event of Default (and no event that, after notice or lapse of time, or both, would become an Event of Default) shall have occurred and be continuing; (ii) at the time of and after giving effect to the proposed Restricted Payment (the value of any such payment, if other than cash, as determined by the Board of Directors, whose determination will be conclusive and evidenced by a Board Resolution), the aggregate amount of all Restricted Payments declared or made after June 30, 1992 will not exceed the sum of (a) 50% of the aggregate cumulative Consolidated Net Income of the Company accrued on a cumulative basis during the period beginning after June 30, 1992 and ending on the last day of the Company's last fiscal quarter ending prior to the date of such proposed Restricted Payment (or, if such aggregate cumulative Consolidated Net Income shall be a loss, minus 100% of such loss) plus (b) the aggregate proceeds received by the Company as capital contributions to the Company after June 30, 1992, or from the issuance and sale (other than to a Consolidated Subsidiary of the Company) after June 30, 1992 of capital stock of the Company (excluding Redeemable Stock but including stock issued upon conversions of Convertible Debt, stock issued to the Company's pension plans and stock issued upon the exercise of options or warrants), plus (c) \$500 million; and (iii) immediately after giving effect to such proposed Restricted Payment, the Company could incur at least \$1.00 of additional Indebtedness (other than Permitted Indebtedness) pursuant to the "Limitation on Company and Subsidiary Indebtedness" covenant described above; provided, however, the provisions of clause (iii) above shall not be applicable to any declaration or payment in cash of current dividends or dividends in arrears in respect of any series of preferred stock of the Company.

The foregoing provisions will not prevent the payment of any dividend within 60 days after the date of its declaration, if, at the date of declaration, such payment would be permitted by such provisions. Notwithstanding the foregoing, "Restricted Payment" shall not include (i) the payment, during the period beginning October 1, 1992 and ended June 30, 1994, of an aggregate of \$185 million of dividends in arrears in respect of the Company's preferred stock or (ii) the redemption of Convertible Debt pursuant to the terms of the indenture or other instrument under which such debt is issued, provided that (a) the last reported sale price for the Company's Common Stock for each of the five consecutive trading days immediately preceding the date of the notice of redemption therefor (the "notice date") shall have exceeded 115% of the conversion price for such Convertible Debt and (b) the Company's Consolidated Interest Coverage Ratio for the last four fiscal quarters immediately preceding such notice date, taken as one period, is not less than 2.0 to 1.

Limitation on Transactions with Related Persons

The Company will not, and will not permit any of its Consolidated Subsidiaries to, directly or indirectly, enter into or suffer to exist any transaction or series of related transactions (including, without limitation, the sale, purchase, exchange or lease of assets, property or services) with a Related Person unless such transaction or series of transactions is on terms that are no less favorable to the Company or such Consolidated Subsidiary, as the case may be, than would be available in a comparable transaction with an unrelated third party; provided, however, that the foregoing restrictions will not apply to (i) transactions between or among any of the Company and its Wholly Owned Consolidated Subsidiaries, (ii) transactions between or among any of the Company and its Consolidated Subsidiaries that are not Wholly Owned Consolidated Subsidiaries, provided such transactions are entered into in the ordinary course of business on terms and conditions consistent with prior practice, and (iii) any transaction with an officer or director of the Company or any Consolidated Subsidiary entered into in the ordinary course of business (including, without limitation, compensation or employee benefit and perquisite arrangements).

Limitation upon Mortgages and Liens

Neither the Company nor a Subsidiary will create or assume, except in favor of the Company or a Wholly Owned Subsidiary, any mortgage, pledge, lien or encumbrance upon any Principal Manufacturing Property or any stock or indebtedness of any Subsidiary without equally and ratably securing the Notes and any other indebtedness of the Company entitled thereto. This limitation will not apply to certain permitted encumbrances as described in the Indenture, including (i) purchase money mortgages entered into within specified time limits; (ii) liens existing on acquired property; (iii) certain tax, materialmen's, mechanics' and judgment liens, certain liens arising by operation of law and certain other similar liens; (iv) liens in connection with certain government contracts; (v) certain mortgages, pledges, liens or encumbrances in favor of any state or local government or governmental agency in connection with certain tax-exempt financings; (vi) pledges of customers' accounts or paper; (vii) certain mortgages, pledges, liens or encumbrances securing the payment of any V Loan Debt (as defined in the Indenture) and (viii) mortgages, pledges, liens and encumbrances not otherwise permitted if the sum of the indebtedness thereby secured plus the aggregate sales price of property involved in certain sale and leaseback transactions does not exceed the greater of \$250,000,000 or 5% of Consolidated Shareholders' Equity.

Limitation Upon Sale and Leaseback Transactions

The Company and any Subsidiary will be prohibited from selling any Principal Manufacturing Property owned on the date of the Indenture with the intention of taking back a lease thereof, other than a temporary lease (a lease of not more than 36 months) with the intent that the use of the property by the Company or such Subsidiary will be discontinued before the expiration of such period, unless (i) the sum of the sale price of property involved in sale and leaseback transactions not otherwise permitted plus all indebtedness secured by certain mortgages, pledges, liens and encumbrances does not exceed the greater of \$250,000,000 or 5% of Consolidated Shareholders' Equity or (ii) the greater of the net proceeds of such sale or the fair market value of such Principal Manufacturing Property (which may be conclusively determined by the Board of Directors of the Company) are applied within 120 days to the optional retirement of outstanding Notes or to the optional retirement of other Funded Debt (as defined) of the Company ranking on a parity with the Notes.

CONSOLIDATION, MERGER, SALE OR LEASE OF ASSETS

The Company, without the consent of the holders of any of the outstanding Notes, may consolidate with or merge into, or transfer or lease its assets substantially as an entirety to any corporation organized under the laws of any domestic jurisdiction, provided that (i) the successor corporation assumes the Company's obligations on the Notes and under the Indenture, (ii) after giving effect to the transaction no Event of Default (and no event which, after notice or lapse of time would become an Event of Default) shall have occurred and be continuing, (iii) after giving effect to the transaction the Company or such successor corporation could incur \$1.00 of additional Indebtedness (other than Permitted Indebtedness) pursuant to the "Limitation on Company and Subsidiary Indebtedness" covenant described above, and (iv) certain other conditions are met.

EVENTS OF DEFAULT

The following are Events of Default under the Indenture with respect to the Notes: (i) failure to pay principal of or any premium on any Note when due; (ii) failure to pay any interest on any Note when due, continued for 30 days; (iii) default in the performance or breach of any of the terms contained under "Consolidation, Merger, Sale or Lease of Assets;" (iv) failure to pay the Put Price on a Repurchase Date for any Note with respect to which the Repurchase Right has been exercised; (v) failure to perform any other covenant of the Company in the Indenture, continued for 60 days after written notice; (vi) default (a) in the payment of any scheduled principal of or interest on any Indebtedness of the Company or any Consolidated Subsidiary (other than the Notes) aggregating more than \$25 million in principal amount when due after giving effect to any applicable grace period or (b) in the performance of any other term or provision of any Indebtedness of the Company or any Consolidated Subsidiary in excess of \$25 million principal amount that results in such Indebtedness becoming or being declared due and payable prior to the date on which it would

otherwise become due and payable, and such acceleration shall not have been rescinded or annulled, or such Indebtedness shall not have been discharged, within a period of 15 days after written notice; (vii) the entry against the Company or any Consolidated Subsidiary of one or more judgments, decrees or orders by a court having jurisdiction in the premises from which no appeal may be or is taken for the payment of money, either individually or in the aggregate, in excess of \$25 million and the continuance of such judgment, decree or order unsatisfied and in effect for any period of 45 consecutive days without a stay of execution after written notice; and (viii) certain events in bankruptcy, insolvency or reorganization.

If any Event of Default occurs and is continuing, either the Trustee or the holders of at least 25% in aggregate principal amount of the outstanding Notes may declare the principal amount of all the Notes to be due and payable immediately. At any time after a declaration of acceleration with respect to the Notes has been made, but before a judgment or decree based on acceleration has been obtained, the holders of a majority in aggregate principal amount of outstanding Notes may, under certain circumstances, rescind and annul such acceleration.

The Indenture provides that, subject to the duty of the Trustee during default to act with the required standard of care, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders, unless such holders shall have offered to the Trustee reasonable indemnity. Subject to such provisions for the indemnification of the Trustee, the holders of a majority in aggregate principal amount of the outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the Notes.

The Company is required to furnish the Trustee annually with a statement as to the performance by the Company of certain of its obligations under the Indenture and as to any default in such performance.

BOOK-ENTRY, DELIVERY AND FORM

The Notes will be issued in the form of one or more Global Notes (the "Global Note") deposited with, or on behalf of, The Depository Trust Company (the "Depository") and registered in the name of Cede & Co., as nominee of the Depository (such nominee being referred to herein as the "Global Note Holder").

The Depository is a limited-purpose trust company that was created to hold securities for its participating organizations (collectively, the "Participants" or the "Depository's Participants") and to facilitate the clearance and settlement of transactions in such securities between Participants through electronic book-entry changes in accounts of its Participants. The Depository's Participants include securities brokers and dealers, banks and trust companies, clearing corporations and certain other organizations. Access to the Depository's system is also available to other entities such as banks, brokers, dealers and trust companies (collectively, the "Indirect Participants" or the "Depository's Indirect Participants") that clear through or maintain a custodial relationship with a Participant, either directly or indirectly. Persons who are not Participants may beneficially own securities held by or on behalf of the Depository only through the Depository's Participants or the Depository's Indirect Participants.

The Company expects that pursuant to procedures established by the Depository (i) upon deposit of the Global Note, the Depository will credit the accounts of Participants with portions of the principal amount of the Global Note and (ii) ownership of the Notes evidenced by the Global Note will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by the Depository (with respect to the interests of the Depository's Participants), the Depository's Participants and the Depository's Indirect Participants. The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer Notes evidenced by the Global Note will be limited to such extent.

So long as the Global Note Holder is the registered owner of any Notes, the Global Note Holder will be considered the sole holder under the Indenture of any Notes evidenced by the Global Note. Beneficial owners of Notes evidenced by the Global Note will not be considered the owners or holders thereof under the Indenture for any purpose, including with respect to the giving of any directions, instructions or approvals to

the Trustee thereunder. Neither the Company nor the Trustee will have any responsibility or liability for any aspect of the records of the Depository or for maintaining, supervising or reviewing any records of the Depository relating to the Notes.

Payments in respect of the principal of, premium, if any, and interest on any Notes registered in the name of the Global Note Holder on the applicable record date will be payable by the Trustee to or at the direction of the Global Note Holder in its capacity as the registered holder under the Indenture. Under the terms of the Indenture, the Company and the Trustee may treat the persons in whose names Notes, including the Global Note, are registered as the owners thereof for the purpose of receiving such payments. Consequently, neither the Company nor the Trustee has or will have any responsibility or liability for the payment of such amounts to beneficial owners of Notes. The Company believes, however, that it is currently the policy of the Depository to immediately credit the accounts of the relevant Participants with such payments, in amounts proportionate to their respective holdings of beneficial interests in the relevant security as shown on the records of the Depository. Payments by the Depository's Participants and the Depository's Indirect Participants to the beneficial owners of Notes will be governed by standing instructions and customary practice and will be the responsibility of the Depository's Participants or the Depository's Indirect Participants.

Certificated Securities. A person having a beneficial interest in the Global Note may exchange such beneficial interest for Notes in the form of registered definitive certificates (the "Certificated Securities") only under the limited circumstances described in the accompanying Prospectus. Upon any such issuance, the Trustee is required to register such Certificated Securities in the name of, and cause the same to be delivered to, such person or persons (or the nominee of any thereof). In addition, if (i) the Company notifies the Trustee in writing that the Depository is no longer willing or able to act as a depository and the Company is unable to locate a qualified successor within 90 days, or if at any time the Depository ceases to be a "clearing agency" registered under the Exchange Act, or (ii) the Company, at its option, notifies the Trustee in writing that it elects to cause the issuance of Notes in the form of Certificated Securities under the Indenture, then, upon surrender by the Global Note Holder of its Global Note, Notes in such form will be issued to each person that the Global Note Holder and the Depository identify as being the beneficial owner of the related Notes. Neither the Company nor the Trustee will be liable for any delay by the Global Note Holder or the Depository in identifying the beneficial owners of Notes, and the Company and the Trustee may conclusively rely on, and will be protected in relying on, instructions from the Global Note Holder or the Depository for all purposes.

SAME-DAY SETTLEMENT AND PAYMENT

Settlement for the Notes will be made by the Underwriters in immediately available funds. All payments of principal and interest will be made by the Company in immediately available funds.

Secondary trading in long-term notes and debentures of corporate issuers is generally settled in clearing-house or next-day funds. In contrast, the Notes will trade in the Same-Day Funds Settlement System maintained by the Depository until maturity, and secondary market trading activity in the Notes will therefore be required by the Depository to settle in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in the Notes.

DESCRIPTION OF CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The following summary describes certain material United States federal income tax consequences relevant to the purchase, ownership and disposition of Notes, all as of the date hereof. Unless otherwise indicated, this summary deals only with United States Holders (as defined below) who purchase Notes upon their original issuance and who hold such Notes as capital assets. The following discussion does not purport to deal with all aspects of United States federal income taxation that may be relevant to such holders, nor does it address United States federal income tax consequences which may be relevant to certain types of holders, such as dealers in securities or currencies, financial institutions, life insurance companies, persons holding Notes as a part of a hedging, short sale or conversion transaction or a straddle or United States Holders whose "functional currency" is not the U.S. dollar. Furthermore, the discussion below is based upon the provisions of

the Internal Revenue Code of 1986, as amended (the "Code"), and regulations, rulings and judicial decisions thereunder as of the date hereof, and such authorities may be repealed, revoked or modified so as to result in United States federal income tax consequences different from those discussed below. PERSONS CONSIDERING THE PURCHASE, OWNERSHIP OR DISPOSITION OF NOTES SHOULD CONSULT THEIR OWN TAX ADVISORS CONCERNING THE UNITED STATES FEDERAL INCOME TAX CONSEQUENCES IN LIGHT OF THEIR PARTICULAR SITUATIONS AS WELL AS ANY CONSEQUENCES ARISING UNDER THE LAWS OF ANY OTHER STATE, LOCAL OR FOREIGN TAXING JURISDICTION.

As used herein, a "United States Holder" of a Note means a holder that is (i) a citizen or resident of the United States, (ii) a corporation or partnership created or organized in or under the laws of the United States or any political subdivision thereof, (iii) an estate the income of which is subject to United States federal income taxation regardless of its source, or (iv) a trust which is subject to the primary supervision of a court within the United States and the control of one or more United States persons as described in section 7701(a)(30) of the Code. A "Non-United States Holder" is any holder that is not a United States Holder.

PAYMENTS OF INTEREST

Except as set forth below, interest on a Note generally will be taxable to a United States Holder as ordinary income at the time it is received or accrued in accordance with the United States Holder's method of accounting for tax purposes.

MARKET DISCOUNT

If a United States Holder purchases a Note for an amount that is less than its principal amount, the difference will be treated as "market discount" for United States federal income tax purposes, unless such difference is less than a specified de minimis amount. Under the market discount rules, a United States Holder will be required to treat any principal payment on, or any gain on the sale, exchange, retirement or other disposition of, a Note as ordinary income to the extent of the market discount which has not previously been included in income and is treated as having accrued on such Note at the time of such payment or disposition. In addition, the United States Holder may be required to defer, until the maturity of the Note or its earlier disposition in a taxable transaction, the deduction of all or a portion of the interest expense on any indebtedness incurred or continued to purchase or carry such Note.

Any market discount will be considered to accrue ratably during the period from the date of acquisition to the maturity date of the Note, unless the United States Holder elects to accrue on a constant interest method. A United States Holder of a Note may elect to include market discount in income currently as it accrues (on either a ratably or constant interest method), in which case the rule described above regarding deferral of interest deductions will not apply. This election to include market discount in income currently, once made, applies to all market discount obligations acquired on or after the first taxable year to which the election applies and may not be revoked without the consent of the Internal Revenue Service ("IRS").

AMORTIZABLE BOND PREMIUM

A United States Holder that purchases a Note for an amount in excess of the Note's principal amount will be considered to have purchased the Note at a "premium". A United States Holder generally may elect to amortize the premium over the remaining term of the Note on a constant yield method. The amount amortized in any year will be treated as a reduction of the United States Holder's interest income from the Note. Bond premium on a Note held by a United States Holder that does not make such an election will decrease the gain or increase the loss otherwise recognized on disposition of the Note. The election to amortize premium on a constant yield method once made applies to all debt obligations held or subsequently acquired by the electing United States Holder on or after the first taxable year to which the election applies and may not be revoked without the consent of the IRS.

Final Treasury regulations issued on December 30, 1997 provide that, at a holder's election, premium may be amortized to offset interest income only as a United States Holder takes the qualified stated interest into account under the United States Holder's regular accounting method. In the case of instruments that

provide for alternative payment schedules, bond premium is calculated by assuming that (i) the holder will exercise or not exercise options in a manner that maximizes the holder's yield and (ii) the issuer will exercise or not exercise options in a manner that minimizes the holder's yield except with respect to call options for which the issuer is assumed to exercise such call options in a manner that maximizes the holder's yield. The final regulations are effective for debt instruments acquired on or after March 2, 1998. However, if a United States Holder elects to amortize bond premium for the taxable year containing March 2, 1998, or any subsequent taxable year, the final regulations would apply to all the United States Holder's debt instruments held on or after the first day of that taxable year. Once made, the election cannot be revoked without the consent of the IRS.

SALE, EXCHANGE AND RETIREMENT OF NOTES

A United States Holder's tax basis in a Note will, in general, be the United States Holder's cost therefor, increased by market discount previously included in income by the United States Holder and reduced by any amortized premium. Upon the sale, exchange or retirement of a Note, a United States Holder will recognize gain or loss equal to the difference between the amount realized upon the sale, exchange or retirement (less any accrued stated interest, which will be taxable as such) and the adjusted tax basis of the Note. Such gain or loss will be capital gain or loss and will be long-term capital gain or loss if at the time of sale, exchange or retirement the Note has been held for more than one year. Under recently enacted legislation, capital gains of individuals derived in respect of capital assets held for more than one year are eligible for reduced rates of taxation which may vary depending upon the holding period of such capital assets. Prospective investors should consult their own tax advisors with respect to the tax consequences of the new legislation. The deductibility of capital losses is subject to limitations.

NON-UNITED STATES HOLDERS

Under present United States federal income and estate tax law, and subject to the discussion below concerning backup withholding:

(a) no withholding of United States federal income tax will be required with respect to the payment by the Company or any paying agent of principal or interest on a Note owned by a Non-United States Holder, provided that (i) the beneficial owner does not actually or constructively own 10% or more of the total combined voting power of all classes of stock of the Company entitled to vote within the meaning of section 871(h)(3) of the Code and the regulations thereunder, (ii) the beneficial owner is not a controlled foreign corporation that is related to the Company through stock ownership, (iii) the beneficial owner is not a bank whose receipt of interest on a Note is described in section 881(c)(3)(A) of the Code and (iv) the beneficial owner satisfies the statement requirement (described generally below) set forth in section 871(h) or section 881(c) of the Code and the regulations thereunder;

(b) no withholding of United States federal income tax will be required with respect to any gain or income realized by a Non-United States Holder upon the sale, exchange or retirement of a Note; and

(c) a Note beneficially owned by an individual who at the time of death is a Non-United States Holder will not be subject to United States federal estate tax as a result of such individual's death, provided that such individual does not actually or constructively own 10% or more of the total combined voting power of all classes of stock of the Company entitled to vote within the meaning of section 871(h)(3) of the Code and provided that the interest payments with respect to such Note would not have been, if received at the time of such individual's death, effectively connected with the conduct of a United States trade or business by such individual.

To satisfy the requirement referred to in (a)(iv) above, the beneficial owner of such Note, or a financial institution holding the Note on behalf of such owner, must provide, in accordance with specified procedures, a paying agent of the Company with a statement to the effect that the beneficial owner is not a United States person. Currently, these requirements will be met if (1) the beneficial owner provides his name and address, and certifies, under penalties of perjury, that he is not a United States person (which certification may be made on an IRS Form W-8 (or successor form)) or (2) a financial institution holding the Note on behalf of

the beneficial owner certifies, under penalties of perjury, that such statement has been received by it and furnishes a paying agent with a copy thereof. Under recently finalized Treasury regulations (the "Final Regulations"), the statement requirement referred to in (a)(iv) above may also be satisfied with other documentary evidence for interest paid after December 31, 1998 with respect to an offshore account or through certain foreign intermediaries.

If a Non-United States Holder cannot satisfy the requirements of the "portfolio interest" exception described in (a) above, payments of interest and premium made to Non-United States Holders will be subject to a 30% withholding tax unless the beneficial owner of the Note provides the Company or its paying agent, as the case may be, with a properly executed (1) IRS Form 1001 (or successor form) claiming an exemption from withholding under the benefit of a tax treaty or (2) IRS Form 4224 (or successor form) stating that interest paid on the Note is not subject to withholding tax because it is effectively connected with the beneficial owner's conduct of a trade or business in the United States. Under the Final Regulations, Non-United States Holders will generally be required to provide IRS Form W-8 in lieu of IRS Form 1001 and IRS Form 4224, although alternative documentation may be applicable in certain situations.

If a Non-United States Holder is engaged in a trade or business in the United States and interest or premium on the Note is effectively connected with the conduct of such trade or business, the Non-United States Holder, although exempt from the withholding tax discussed above, will be subject to United States federal income tax on such interest on a net income basis in the same manner as if it were a United States Holder. In addition, if such holder is a foreign corporation, it may be subject to a branch profits tax equal to 30% of its effectively connected earnings and profits for the taxable year, subject to adjustments. For this purpose, such interest and premium on a Note will be included in such foreign corporation's earnings and profits.

Any gain or income realized upon the sale, exchange or retirement of a Note generally will not be subject to United States federal income tax unless (i) such gain or income is effectively connected with a trade or business in the United States of the Non-United States Holder, or (ii) in the case of a Non-United States Holder who is an individual, such individual is present in the United States for 183 days or more in the taxable year of such sale, exchange or retirement, and certain other conditions are met.

INFORMATION REPORTING AND BACKUP WITHHOLDING

In general, information reporting requirements will apply to certain payments of principal and interest paid on Notes and to the proceeds of sale of a Note made to United States Holders other than certain exempt recipients (such as corporations). A 31% backup withholding tax will apply to such payments if the United States Holder fails to provide a taxpayer identification number or certification of foreign or other exempt status or fails to report in full dividend and interest income.

No information reporting or backup withholding will be required with respect to payments made by the Company or any paying agent to Non-United States Holders if a statement described in (a) (iv) under "Non-United States Holders" has been received and the payor does not have actual knowledge that the beneficial owner is a United States person.

In addition, backup withholding and information reporting will not apply if payments of principal and interest on a Note are paid or collected by a foreign office of a custodian, nominee or other foreign agent on behalf of the beneficial owner of such Note, or if a foreign office of a foreign broker (as defined in applicable Treasury regulations) pays the proceeds of the sale of a Note to the owner thereof. If, however, such nominee, custodian, agent or broker is, for United States federal income tax purposes, a United States person, a controlled foreign corporation or a foreign person that derives 50% or more of its gross income for certain periods from the conduct of a trade or business in the United States, or, after December 31, 1998, if such nominee, custodian, agent or broker is a foreign partnership, in which one or more United States persons, in the aggregate, own more than 50% of the income or capital interests in the partnership or if the partnership is engaged in a trade or business in the United States, such payments will not be subject to backup withholding but will be subject to information reporting, unless (1) such custodian, nominee, agent or broker has

documentary evidence in its records that the beneficial owner is not a United States person and certain other conditions are met or (2) the beneficial owner otherwise establishes an exemption.

Payments of principal and interest on a Note paid to the beneficial owner of a Note by a United States office of a custodian, nominee or agent, or the payment by the United States office of a broker of the proceeds of sale of a Note, will be subject to both backup withholding and information reporting unless the beneficial owner provides the statement referred to in (a) (iv) above and the payor does not have actual knowledge that the beneficial owner is a United States person or otherwise establishes an exemption.

Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against such holder's United States federal income tax liability provided the required information is furnished to the IRS.

UNDERWRITING

Bear, Stearns & Co. Inc., BT Alex. Brown Incorporated, Merrill Lynch, Pierce, Fenner & Smith Incorporated and Salomon Brothers Inc (the "Underwriters") have severally agreed, subject to the terms and conditions set forth in the Underwriting Agreement Basic Provisions dated July, 1996 and the related Terms Agreement dated January 27, 1998 (collectively, the "Underwriting Agreement") among the Company and the Underwriters, to purchase from the Company the principal amount of Notes set forth below opposite their respective names.

UNDERWRITER	PRINCIPAL AMOUNT
-----	-----
Bear, Stearns & Co. Inc.	\$100,000,000
BT Alex. Brown Incorporated.....	33,333,334
Merrill Lynch, Pierce, Fenner & Smith Incorporated.....	33,333,333
Salomon Brothers Inc.....	33,333,333

Total.....	\$200,000,000
	=====

Under the terms and conditions of the Underwriting Agreement, the Underwriters are committed to take and pay for all of the Notes, if any are taken.

The Underwriters propose to offer the Notes in part directly to purchasers at the initial public offering price set forth on the cover of this Prospectus Supplement and in part to certain securities dealers at such price less a concession of 0.25% of the principal amount of the Notes. The Underwriters may allow, and such dealers may reallow, a concession not to exceed 0.125% of the principal amount of the Notes to certain brokers and dealers. After the Notes are released for sale to the public, the offering price and other selling terms may from time to time be varied by the Underwriters.

The Notes are a new issue of securities with no established trading market. The Company has been advised by the Underwriters that they intend to make a market in the Notes, but are not obligated to do so and may discontinue such market making at any time without notice. No assurance can be given, however, as to whether a trading market in the Notes will develop or as to liquidity of any trading market for the Notes.

Until the distribution of the Notes is completed, rules of the Commission may limit the ability of the Underwriters to bid for and purchase the Notes. As an exception to these rules, the Underwriters are permitted to engage in certain transactions that stabilize the price of the Notes. Such transactions consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the Notes.

If the Underwriters create a short position in the Notes in connection with the offering, i.e., if they sell more than the aggregate principal amount of Notes that is set forth on the cover page of this Prospectus Supplement, the Underwriters may reduce that short position by purchasing Notes in the open market.

The Underwriters may also impose a penalty bid on certain Underwriters and selling group members. This means that if the Underwriters purchase Notes in the open market to reduce the Underwriters' short position or to stabilize the price of the Notes, they may reclaim the amount of the selling concession from the Underwriters and selling group members who sold those Notes as part of the offering.

In general, purchases of a security for the purpose of stabilization or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases. The imposition of a penalty bid might also have an effect on the price of a security to the extent that it were to discourage resales of the security.

Neither the Company nor the Underwriters makes any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the Notes. In addition, neither the Company nor the Underwriters makes any representation that the Underwriters will engage in such transactions or that such transactions, once commenced, will not be discontinued without notice.

The Underwriters have performed investment banking and other financial advisory services in the ordinary course of their respective businesses for the Company in the past, for which they have received customary compensation, and may continue to do so in the future. Bankers Trust Company, an affiliate of BT Alex. Brown Incorporated, is an agent under and a participant in the Company's revolving credit facility and is also the trustee under an indenture governing other indebtedness of the Company.

The Company has agreed to indemnify the Underwriters against certain civil liabilities, including liabilities under the Securities Act, or to contribute to payments the Underwriters may be required to make in respect thereof.

THE COMPANY

The Company is an information management company that provides information services, technology, software and customer support on a worldwide basis. The Company operates in the information management business segment.

The Company was incorporated in February 1984 under the laws of Delaware and is the successor by merger to Burroughs Corporation, a Michigan corporation incorporated in 1905. In November 1986, Sperry Corporation, a Delaware corporation incorporated in 1955, was merged with and into the Company, and the Company's name was changed to Unisys Corporation.

The principal executive offices of the Company are located at Township Line and Union Meeting Roads, Blue Bell, Pennsylvania 19424. The Company's telephone number is (215) 986-4011.

RISK FACTORS

Prospective investors should consider carefully, in addition to the other information contained herein, the following factors before deciding to purchase the Securities offered hereby.

RESTRUCTURINGS AND NET LOSSES

The Company operates in an industry that has undergone dramatic changes, including, in the case of the Company, a shift from higher margin to lower margin products and services. In order to improve its operating results, the Company has moved aggressively to realign its operations to reflect the rapidly changing market for information processing products and services. In 1995, the Company reported a net loss of \$624.6 million, which included a fourth quarter pretax restructuring charge of \$717.6 million, primarily relating to the internal realignment of the Company into three operating units and covering work force reductions, product and program discontinuances and consolidation of office facilities and manufacturing capacity. For the year ended December 31, 1996, the Company reported net income of \$49.7 million, or a loss of 41 cents per share after payment of preferred dividends. In the fourth quarter of 1996, the Company reversed certain reserves established under the 1995 restructuring plan, due to lower-than-anticipated costs for work force reductions. This reversal was offset by charges of \$84 million relating to the refocusing and discontinuance of certain products and programs. The Company recorded special pretax charges of \$186.2 million in 1994, \$1.2 billion in 1991, \$181.0 million in 1990 and \$231.0 million in 1989. Principally due to these special charges, the Company had net losses of \$1.4 billion in 1991, \$436.7 million in 1990 and \$639.3 million in 1989. No assurance can be given that the Company will not experience losses in the future.

HIGH LEVERAGE AND CASH REQUIREMENTS

At December 31, 1996, the Company had approximately \$2.3 billion principal amount of debt, an increase of approximately \$400 million from December 31, 1995. Total interest expense for 1996 and 1995 was \$249.7 million and \$202.1 million, respectively. Long-term debt of \$5.8 million, \$213.0 million and \$345.0 million is scheduled to mature in 1997, 1998 and 1999, respectively.

The Company has outstanding \$1.6 billion of Series A, B and C convertible preferred stock. Dividends paid on preferred stock in 1996 amounted to \$120.8 million (\$106.5 million -- Series A; \$14.3 million -- Series B and C). The Company will redeem all \$150 million of its outstanding Series B and C preferred stock for cash during the first half of 1997.

Cash requirements for the restructuring actions discussed above are expected to be approximately \$200 million in 1997. The Company estimates that the restructuring actions have generated annualized savings of approximately \$475 million as of the end of 1996 and expects these annualized savings to be approximately \$600 million by the end of 1997. The degree to which cash savings from the restructuring actions offset cash requirements depends upon the timing of implementation of the restructuring actions. Cash requirements for the restructuring actions and the annualized savings expected from such actions are forward-looking statements (as such term is used in the Private Securities Litigation Reform Act of 1995), and several factors, particularly the timing of implementation of the restructuring, could cause actual cash requirements and savings to be different.

During 1996, net cash used for continuing operations was approximately \$65 million. During this period, proceeds from the issuance of debt exceeded principal payments of debt by \$373.3 million. During 1995, net cash used for continuing operations was \$412.4 million (including principal payments of debt of \$68.2 million). In 1995, discontinued operations provided cash of \$658.3 million, primarily from the sale of the Company's defense systems business.

The Company may require continued access to financing sources to meet its cash requirements for debt maturities, restructuring and operating activities. There can be no assurance that such access will always be available to the Company or that the Company would be permitted to incur additional indebtedness under its then existing set of restrictive covenants.

In June 1996, the Company entered into a one-year \$200 million revolving credit facility replacing the prior facility which expired in May 1996. Conditions precedent to a borrowing under the facility include minimum cash balances and compliance with net worth and interest coverage covenants. In addition, if any borrowings are outstanding, the Company is required to maintain full compensating balances with the bank group unless waived by a supermajority of the banks. The Company does not currently anticipate that it will borrow under this facility.

COMPETITION

The Company's business is affected by rapid change in technology in the information systems and services field and aggressive competition from many domestic and foreign companies, including computer hardware manufacturers, software providers and information services companies. The Company competes primarily on the basis of product performance, service, technological innovation and price. Many of the Company's competitors have greater financial, marketing or other resources than the Company. The Company's results depend upon its ability to compete successfully in the United States and abroad.

SYSTEMS INTEGRATION CONTRACTS

Certain of the Company's systems integration contracts are fixed-price contracts under which the Company assumes the risk for the delivery of the contracted services at an agreed-upon fixed price. The Company has at times experienced problems in performing certain of its fixed-price contracts on a profitable basis and has provided periodically for adjustments to the cost to complete such contracts. In the fourth quarter of 1995, the Company recorded a significant pretax charge for contract losses of \$129.0 million, primarily relating to a few large multi-year, fixed-price systems integration contracts. There can be no assurance that the Company will not experience such contract performance problems in the future, which problems could affect the Company's results of operations.

IMPORTANCE OF INTERNATIONAL OPERATIONS

Revenue from international operations accounted for approximately 60% of the Company's total revenue in each of the last three years. There is no material concentration of revenues in any particular country. Due to its foreign operations, the Company is exposed to the effects of foreign exchange rate fluctuations on the U.S. dollar. The Company uses foreign exchange forward contracts and options, generally having maturities of less than nine months, to reduce such exposure. Such contracts and options are entered into for the sole purpose of hedging certain transactional exposures. The Company does not hold or issue financial instruments for speculative trading purposes. In addition to fluctuations in foreign currency exchange rates, the Company's international business could be affected by many factors beyond its control, such as instability of foreign economies, U.S. and foreign government laws and policies affecting trade and investment, and governmental changes. Although the Company has not experienced any significant problems in foreign countries arising from such factors, there can be no assurance that such problems will not arise in the future.

NO DIVIDENDS ON COMMON STOCK; DIVIDEND LIMITATIONS

The Company has not declared or paid any cash dividends on its Common Stock since 1990 and does not anticipate declaring or paying dividends on the Common Stock in the foreseeable future. Certain of the Company's debt instruments and credit facilities contain financial covenants which could limit the payment of dividends on the Company's capital stock.

USE OF PROCEEDS

Except as may otherwise be set forth in the applicable Prospectus Supplement, net proceeds from the sale of the Offered Securities will be used for general corporate purposes and to reduce or refinance indebtedness.

RATIOS OF EARNINGS

DESCRIPTION OF THE DEBT SECURITIES

The following sets forth certain general terms and provisions of the Indentures under which the Debt Securities are to be issued. The particular terms of a series of Debt Securities will be set forth in the Prospectus Supplement or Prospectus Supplements relating to such Debt Securities.

The Senior Debt Securities are to be issued under an Indenture dated as of August 6, 1992 (the "Senior Indenture") between the Company and Bank One, Columbus NA, as Trustee (the "Senior Trustee") or under a substantially identical indenture with a different trustee. The Subordinated Debt Securities are to be issued under an Indenture dated as of March 1, 1996 (the "Subordinated Indenture") between the Company and The Bank of New York, as Trustee (the "Subordinated Trustee") or under a substantially identical indenture with a different trustee. The Senior Indenture and the Subordinated Indenture are sometimes referred to individually as an "Indenture" and collectively as the "Indentures". The Senior Trustee and the Subordinated Trustee are sometimes referred to individually as a "Trustee" and collectively as the "Trustees". The Senior Indenture and the Subordinated Indenture are filed as exhibits to the Registration Statement. The following are brief summaries of certain provisions of the Indentures and are subject to the detailed provisions of the Indentures, to which reference is hereby made for a complete statement of such provisions. Capitalized terms used herein and not otherwise defined shall have the meanings specified in the Indentures. If the Debt Securities are issued under an indenture other than the Senior Indenture or the Subordinated Indenture, the Prospectus Supplement will identify the trustee and will describe any material differences between that indenture and the Indenture.

GENERAL

The Indentures do not limit the aggregate principal amount of Debt Securities which may be issued thereunder and provide that Debt Securities may be issued from time to time in series.

The Senior Debt Securities will be unsecured obligations of the Company and will rank on a parity with all other unsecured and unsubordinated indebtedness of the Company. The Subordinated Debt Securities will be unsecured obligations of the Company and will be subordinated in right of payment to all Senior Indebtedness (as defined below in "Subordination of Debt Securities").

The applicable Prospectus Supplement will describe the following terms of the Debt Securities offered thereby: (1) the title of such Debt Securities; (2) whether such Debt Securities are Senior Debt Securities or Subordinated Debt Securities; (3) any limit on the aggregate principal amount of such Debt Securities; (4) the date or dates on which such Debt Securities may be issued and are or will be payable; (5) the rate or rates per annum (which may be fixed or variable) at which such Debt Securities will bear interest, if any, or the method by which such rate or rates shall be determined, and the date or dates from which such interest, if any, will accrue; (6) the date or dates on which interest, if any, on such Debt Securities will be payable and the regular record date or dates therefor; (7) the place or places where the principal of, and premium, if any, and any interest on such Debt Securities will be payable; (8) the period or periods within which, the price or prices at which, the currency or currencies (including currency units) in which, and the terms and conditions upon which such Debt Securities may be redeemed at the option of the Company; (9) the obligation, if any, of the Company to redeem, to repay or purchase such Debt Securities pursuant to any sinking fund or analogous

provisions, upon the happening of a specified event or at the option of a holder thereof, and the period or periods within which, the price or prices at which and the terms and conditions upon which such Debt Securities will be redeemed, repaid or purchased pursuant to any such obligations; (10) whether such Debt Securities are to be issued in registered form without coupons, in bearer form with or without coupons, including temporary and definitive global form, or a combination thereof and the circumstances, if any, upon which such Debt Securities may be exchanged for Debt Securities issued in a different form; (11) whether such Debt Securities are to be issued in whole or in part in the form of one or more Global Notes (as defined under "Denominations, Registration and Transfer") and, if so, the identity of the depository, if any, for such Global Note or Notes; (12) whether and under what circumstances the Company will pay additional amounts to any holder of Debt Securities who is not a U.S. Person (as defined under "Limitations on Issuance of Bearer Securities") in respect of any tax, assessment or other governmental charge required to be withheld or deducted and, if so, whether the Company will have the option to redeem rather than pay any additional amounts; (13) if other than dollars, the foreign currency or currencies (including currency units) in which the principal of, and premium, if any, and any interest on such Debt Securities shall or may be paid and, if applicable, whether at the election of the Company and/or the holder, and the conditions and manner of determining the exchange rate or rates; (14) any index used to determine the amount of payment of principal of, and premium, if any, and any interest on such Debt Securities; (15) whether such Debt Securities are convertible into shares of Common Stock and the terms and conditions upon which any conversion will be effected, including the conversion price, the conversion period and other conversion provisions; (16) any addition to, or modification or deletion of, any Events of Default or covenants provided for with respect to such Debt Securities and (17) any other detailed terms and provisions of such Debt Securities which are not inconsistent with the Indentures.

Debt Securities may be issued at or above par or with an original issue discount. Federal income tax consequences and other special considerations applicable to any Debt Securities issued with original issue discount or above par will be described in the applicable Prospectus Supplement.

If the purchase price of any of the Debt Securities is denominated in one or more foreign currencies or currency units, or if the principal of or any premium or interest on any series of Debt Securities is payable in one or more foreign currencies or currency units, the restrictions, elections, Federal income tax considerations, specific terms and other information with respect to such series and such foreign currency or currency units will be described in the applicable Prospectus Supplement.

DENOMINATIONS, REGISTRATION AND TRANSFER

Debt Securities may be issued in fully registered form, without coupons ("Registered Securities"), in bearer form with or without coupons ("Bearer Securities") or in the form of one or more global securities (each a "Global Note"). Registered Securities which are book-entry securities ("Book-Entry Notes") will be issued as registered Global Notes. Bearer Securities may be issued in the form of temporary or definitive Global Notes. Unless otherwise provided in an applicable Prospectus Supplement with respect to a series of Debt Securities, the Debt Securities will be issued as Registered Securities in denominations of \$1,000 or any integral multiple thereof. One or more Global Notes will be issued in denominations or aggregate denominations equal to the aggregate principal amount of outstanding Debt Securities of the series to be represented by such Global Note or Notes.

Registered Securities of any series (other than a Book-Entry Note) may be exchanged for other Registered Securities of the same series and of a like aggregate principal amount and tenor of different authorized denominations. Whenever any such Registered Securities are surrendered for exchange, the Company shall execute, and the Trustee shall authenticate and deliver, the Registered Securities which the holder making the exchange is entitled to receive. In addition, if so provided in an applicable Prospectus Supplement, Bearer Securities of any series which is registrable as to principal and interest may, at the option of the holder and subject to the terms of the applicable Indenture, be exchangeable into Registered Securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor. Any Bearer Security surrendered for exchange shall be surrendered with all unmatured coupons and all matured coupons in default, except that any Bearer Security surrendered in exchange for a Registered Security between

a regular record date or a special record date and the relevant date for payment of interest shall be surrendered without the coupon relating to such date for payment of interest, and interest due on such date will not be payable in respect of the Registered Security issued in exchange for such Bearer Security, but will be payable only to the holder of such coupon when due in accordance with the terms of the applicable Indenture. Except as provided in an applicable Prospectus Supplement, Bearer Securities will not be issued in exchange for Registered Securities.

Debt Securities may be presented for exchange as provided above, and Registered Securities (other than Book-Entry Notes) may be presented for registration of transfer (with the form of transfer endorsed thereon duly executed), at the office of the Security Registrar designated by the Company for such purpose with respect to any series of Debt Securities and referred to in an applicable Prospectus Supplement, without service charge and upon payment of any taxes and other governmental charges as described in the applicable Indenture. Such transfer or exchange will be effected upon the Security Registrar being satisfied with the documents of title and identity of the person making the request. The Company has appointed the Trustee under each Indenture as Security Registrar for the applicable Debt Securities.

For a discussion of restrictions on the exchange, registration and transfer of Global Notes, see "Global Notes".

PAYMENT AND PAYING AGENTS

Unless otherwise indicated in an applicable Prospectus Supplement, payment of principal of, and premium, if any, and any interest on Bearer Securities will be payable, subject to any applicable laws and regulations, at the offices of such Paying Agents outside the United States as the Company may designate from time to time, and payment of interest on Bearer Securities on any interest payment date will be made only against surrender of the coupon relating to such interest payment date. Presentation of coupons for payment or other demands for payment of Bearer Securities must be made outside the United States, and no payment with respect to any Bearer Security will be made at any office or agency of the Company in the United States or by check mailed to any address in the United States or by transfer to an account maintained in the United States. No payment of interest on a Bearer Security will be made unless, on the earlier of the date of the first such payment by the Company or the date of delivery by the Company of the Bearer Security in definitive form, a written certificate, in the form required by the applicable Indenture, is provided to the Company stating that on such date the Bearer Security is not owned by or on behalf of a U.S. Person or, if a beneficial interest in such Bearer Security is owned by or on behalf of a U.S. Person, that such U.S. Person is (1) a foreign branch of a United States financial institution; (2) acquired and holds the Bearer Security through the foreign branch of a United States financial institution (and, in either case (1) or (2), such financial institution agrees to comply with the requirements of Section 165(j)(3)(A), (B) or (C) of the Internal Revenue Code of 1986, as amended (the "Code"), and the regulations thereunder) or (3) is a financial institution purchasing for resale during the "restricted period" (as defined under "Global Notes-Temporary and Definitive Global Notes") only to non-U.S. Persons outside the United States. Notwithstanding the foregoing, payment of principal of, and premium, if any, and any interest on Bearer Securities will be made at the office of the Company's Paying Agent in the United States if (but only if) (1) payment of the full amount thereof at all offices or agencies outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and (2) such payment is then permitted by applicable laws.

Unless otherwise indicated in an applicable Prospectus Supplement, payment of principal of, and premium, if any, and any interest on Registered Securities will be made at the office of such Paying Agent or Paying Agents as the Company may designate from time to time, except that at the option of the Company payment of any interest may be made (1) by check mailed to the address of the person entitled thereto as such address shall appear in the Security Register or (2) by wire transfer to an account maintained by the person entitled thereto. Unless otherwise indicated in an applicable Prospectus Supplement, payment of any installment of interest on Registered Securities will be made to the person in whose name such Registered Security is registered at the close of business on the regular record date for such interest.

Unless otherwise indicated in an applicable Prospectus Supplement, the Trustee under the applicable Indenture will act as the Company's sole Paying Agent through its principal office with respect to Debt Securities which are issuable solely as Registered Securities. Any Paying Agents outside the United States and other Paying Agents in the United States initially designated by the Company for the offered Debt Securities will be named in an applicable Prospectus Supplement. The Company may at any time designate additional Paying Agents or rescind the designation of any Paying Agent or approve a change in the office through which any Paying Agent acts, except that, if Debt Securities of a series are issuable only as Registered Securities, the Company will be required to maintain a Paying Agent in each Place of Payment for such series and, if Debt Securities of a series may be issuable as Bearer Securities, the Company will be required to maintain (1) a Paying Agent in the United States, for payments with respect to any Registered Securities of the series (and for payments with respect to Bearer Securities of the series in the circumstances described above, but not otherwise) and (2) a Paying Agent in a Place of Payment located outside the United States where Debt Securities of such series and any coupons appertaining thereto may be presented and surrendered for payment; provided that if the Debt Securities of such series are listed on The International Stock Exchange of the United Kingdom and the Republic of Ireland Limited or the Luxembourg Stock Exchange or any other stock exchange located outside the United States and such stock exchange shall so require, the Company will maintain a Paying Agent in London or Luxembourg or any other required city located outside the United States, as the case may be, for the Debt Securities of such series.

All moneys paid by the Company to the Trustee or a Paying Agent for the payment of principal of, and premium, if any, and any interest on any Debt Security that remain unclaimed at the end of two years after such principal, premium or interest shall have become due and payable will be repaid to the Company, and the holder of such Debt Security or any coupon will thereafter look only to the Company for payment thereof.

GLOBAL NOTES

The Debt Securities of a series may be issued in whole or in part in the form of one or more Global Notes that will be deposited with, or on behalf of, a depository located in the United States (a "U.S. Depository") or a common depository located outside the United States (a "Common Depository") identified in the Prospectus Supplement relating to such series. Global Notes may be issued in either registered or bearer form and in either temporary or definitive form.

The specific terms of the depository arrangement with respect to any Debt Securities of a series will be described in the Prospectus Supplement relating to such series. The Company anticipates that the following provisions will apply to all depository arrangements.

Book-Entry Notes

Unless otherwise specified in an applicable Prospectus Supplement, Debt Securities which are to be represented by a Global Note to be deposited with or on behalf of a U.S. Depository will be represented by a Global Note registered in the name of such depository or its nominee. Upon the issuance of a Global Note in registered form, the U.S. Depository for such Global Note will credit, on its book-entry registration and transfer system, the respective principal amounts of the Debt Securities represented by such Global Note to the accounts of institutions that have accounts with such Depository or its nominee ("participants"). The accounts to be credited shall be designated by the underwriters or agents of such Debt Securities, or by the Company if such Debt Securities are offered and sold directly by the Company. Ownership of beneficial interests in such Global Notes will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests by participants in such Global Notes will be shown on, and the transfer of that ownership interest will be effected only through, records maintained by the U.S. Depository or its nominee for such Global Note. Ownership of beneficial interests in Global Notes by persons that hold through participants will be shown on, and the transfer of that ownership interest within such participant will be effected only through, records maintained by such participant. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to transfer beneficial interests in a Global Note.

So long as the U.S. Depository for a Global Note in registered form, or its nominee, is the registered owner of such Global Note, such depository or such nominee, as the case may be, will be considered the sole owner or holder of the Debt Securities represented by such Global Note for all purposes under the Indenture governing such Debt Securities. Except as set forth below, owners of beneficial interests in such Global Notes will not be entitled to have Debt Securities of the series represented by such Global Note registered in their names, will not receive or be entitled to receive physical delivery of Debt Securities of such series in definitive form and will not be considered the owners or holders thereof under the applicable Indenture.

Payment of principal of, and premium, if any, and any interest on Debt Securities registered in the name of or held by a U.S. Depository or its nominee will be made to the U.S. Depository or its nominee, as the case may be, as the registered owner or the holder of the Global Note representing such Debt Securities. None of the Company, any Trustee, any Paying Agent or the Security Registrar for such Debt Securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a Global Note for such Debt Securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

The Company expects that the U.S. Depository for Debt Securities of a series or its nominee, upon receipt of any payment of principal, premium or interest in respect of a permanent Global Note, will credit immediately participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Note as shown on the records of such depository or nominee. The Company also expects that payments by participants to owners of beneficial interests in such Global Note held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such participants.

Unless and until it is exchanged in whole for Debt Securities in definitive form, a Global Note may not be transferred except as a whole by the U.S. Depository for such Global Note to a nominee of such depository or by a nominee of such depository to such depository or another nominee of such depository or by such depository or any such nominee to a successor of such depository or a nominee of such successor. If a U.S. Depository for Debt Securities in registered form is at any time unwilling or unable to continue as depository and a successor depository is not appointed by the Company within ninety days, the Company will issue Debt Securities in definitive registered form in exchange for the Global Note or Notes representing such Debt Securities. In addition, the Company may at any time and in its sole discretion determine not to have any Debt Securities in registered form represented by one or more Global Notes and, in such event, will issue Debt Securities in definitive registered form in exchange for the Global Note or Notes representing such Debt Securities. Further, if the Company so specifies with respect to the Debt Securities of a series, an owner of a beneficial interest in a Global Note representing Debt Securities of such series may, on terms acceptable to the Company and the U.S. Depository for such Global Note, receive Debt Securities of such series in definitive form. In any such instance, an owner of a beneficial interest in a Global Note will be entitled to physical delivery in definitive form of Debt Securities of the series represented by such Global Note equal in principal amount to such beneficial interest and to have such Debt Securities registered in its name.

Temporary and Definitive Global Notes

If so specified in an applicable Prospectus Supplement, all Bearer Securities of a series will initially be issued in the form of one or more temporary Global Notes, to be deposited with a Common Depository in London for Morgan Guaranty Trust Company of New York, Brussels Office, as operator of the Euro-clear System ("Euro-clear Operator") and CEDEL, S.A. ("CEDEL") for credit to the designated accounts. On and after the exchange date determined as provided in any such temporary Global Note and described in the applicable Prospectus Supplement, each such temporary Global Note will be exchangeable for definitive Debt Securities in bearer form, registered form, definitive global bearer form or any combination thereof, as specified in the Prospectus Supplement, upon written certification (as described under "Payment and Paying Agents") of non-United States beneficial ownership. No Bearer Security delivered in exchange for a portion of a temporary Global Note shall be mailed or otherwise delivered to any location in the United States.

Unless otherwise specified in an applicable Prospectus Supplement, interest in respect of any portion of a temporary Global Note payable in respect of an interest payment date occurring prior to the issuance of definitive Debt Securities will be paid to each of the Euroclear Operator and CEDEL with respect to the portion of the temporary Global Note held for its account upon delivery by the Euro-clear Operator and CEDEL to the Trustee of a certificate or certificates of non-United States beneficial ownership in the form required by the applicable Indenture.

If any Debt Securities of a series are issuable in definitive global bearer form, the Prospectus Supplement will describe the circumstances, if any, under which beneficial owners of interests in any such definitive Global Notes may exchange such interests for Debt Securities of such series and of like tenor and principal amount in any authorized form and denomination. No Bearer Security delivered in exchange for a portion of a definitive Global Note shall be mailed or otherwise delivered to any location in the United States in connection with such exchange.

In connection with the sale of a Bearer Security during the "restricted period" as defined in Section 1.163-5(c)(2)(i)(D)(7) of the United States Treasury regulations (generally, the first 40 days after the closing date and, with respect to unsold allotments, until sold), no Bearer Security (including a definitive Bearer Security in global form) shall be mailed or otherwise delivered to any location in the United States, and a Bearer Security sold during the restricted period (other than a temporary Bearer Security in global form) may be delivered only if the person entitled to receive such Bearer Security (including a definitive Bearer Security in global form) furnishes written certification, in the form required by the applicable Indenture, to the effect that such Bearer Security is not being acquired by a U.S. Person, or, if a beneficial interest in such Bearer Security is being acquired by a U.S. Person, that such U.S. Person (1) is a foreign branch of a United States financial institution; (2) acquired and holds the Bearer Security through the foreign branch of a United States financial institution (and, in either case (1) or (2), such financial institution agrees to comply with the requirements of Section 165(j)(3)(A), (B) or (C) of the Code and the regulations thereunder) or (3) is a financial institution purchasing for resale during the restricted period only to non-U.S. Persons outside the United States. See "Limitations on Issuance of Bearer Securities".

LIMITATIONS ON ISSUANCE OF BEARER SECURITIES

Generally, in compliance with United States Federal tax laws and regulations, Bearer Securities may not be offered or sold during the restricted period or delivered in connection with their sale during the restricted period in the United States or to U.S. Persons (each as defined below) other than to foreign branches of United States financial institutions which agree in writing to comply with the requirements of Section 165(j)(3)(A), (B) or (C) of the Code or purchase for resale during the restricted period only to non-U.S. Persons outside the United States (or as otherwise permitted under United States Treasury regulations), and any underwriters, agents and dealers participating in the offering of Debt Securities must agree that they will not offer or sell any Bearer Securities in the United States or to U.S. Persons (other than as described above) nor deliver Bearer Securities within the United States.

Bearer Securities and their interest coupons will bear a legend substantially to the following effect: "Any U.S. Person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code". The Sections referred to in the legend provide that, with certain exceptions, a U.S. Person holding a Bearer Security or coupon will not be permitted to deduct any loss, and will not be eligible for capital gain treatment with respect to any gain, realized on a sale, exchange or redemption of such Bearer Security or coupon.

As used in this Prospectus, "U.S. Person" means a citizen or resident of the United States, a corporation, partnership or other entity created or organized in or under the laws of the United States, or an estate or trust the income of which is subject to United States Federal income taxation regardless of its source, and the term "United States" means the United States of America (including the States and the District of Columbia) and its possessions, including Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and the Northern Mariana Islands.

CERTAIN COVENANTS APPLICABLE TO SENIOR DEBT SECURITIES

Unless otherwise indicated in the applicable Prospectus Supplement with respect to Senior Debt Securities of a series, Senior Debt Securities will have the benefit of the following covenants contained in the Senior Indenture. Unless otherwise indicated in the applicable Prospectus Supplement with respect to Subordinated Debt Securities of a series, the Subordinated Debt Securities will not have the benefit of such covenants.

Limitation Upon Mortgages and Liens

Neither the Company nor a Subsidiary will create or assume, except in favor of the Company or a Wholly-Owned Subsidiary, any mortgage, pledge, lien or encumbrance upon any Principal Manufacturing Property or any stock or indebtedness of any Subsidiary without equally and ratably securing the outstanding Senior Debt Securities. For the purpose of providing such equal and ratable security, the principal amount of outstanding Senior Debt Securities issued with original issue discount shall be such portion of the principal amount as may be specified in the terms of that series. This limitation will not apply to certain permitted encumbrances as described in the Senior Indenture, including (1) purchase money mortgages entered into within specified time limits; (2) liens existing on acquired property; (3) certain tax, materialmen's, mechanics' and judgment liens, certain liens arising by operation of law and certain other similar liens; (4) liens in connection with certain government contracts; (5) certain mortgages, pledges, liens or encumbrances in favor of any state or local government or governmental agency in connection with certain tax-exempt financings; (6) pledges of customers' accounts or paper; (7) certain mortgages, pledges, liens or encumbrances securing the payment of any V Loan Debt (as defined in the Senior Indenture) and (8) mortgages, pledges, liens and encumbrances not otherwise permitted if the sum of the indebtedness thereby secured plus the aggregate sales price of property involved in certain sale and leaseback transactions does not exceed the greater of \$250,000,000 or 5% of Consolidated Shareholders' Equity.

Limitation Upon Sale and Leaseback Transactions

The Company and any Subsidiary will be prohibited from selling any Principal Manufacturing Property owned on the date of the Senior Indenture with the intention of taking back a lease thereof, other than a temporary lease (a lease of not more than 36 months) with the intent that the use of the property by the Company or such Subsidiary will be discontinued before the expiration of such period, unless (1) the sum of the sale price of property involved in sale and leaseback transactions not otherwise permitted plus all indebtedness secured by certain mortgages, pledges, liens and encumbrances does not exceed the greater of \$250,000,000 or 5% of Consolidated Shareholders' Equity or (2) the greater of the net proceeds of such sale or the fair market value of such Principal Manufacturing Property (which may be conclusively determined by the Board of Directors of the Company) are applied within 120 days to the optional retirement of outstanding Senior Debt Securities or to the optional retirement of other Funded Debt (as defined) of the Company ranking on a parity with outstanding Senior Debt Securities.

Certain Definitions

Certain terms defined in the Senior Indenture and applicable to the foregoing covenants are summarized below:

"Consolidated Shareholders' Equity" means the total shareholders' equity of the Company and its consolidated subsidiaries which, under generally accepted accounting principles, would appear on a consolidated balance sheet of the Company and its subsidiaries, excluding the separate component of shareholders' equity attributable to foreign currency translation adjustments pursuant to "Statement of Financial Accounting Standards No. 52 -- Foreign Currency Translation" or any successor provision or principle of generally accepted accounting principles.

"Principal Manufacturing Property" means any manufacturing property located within the United States of America (other than its territories or possessions) owned by the Company or any Subsidiary, except for any

manufacturing property that, in the opinion of the Board of Directors, is not of material importance to the business conducted by the Company and its Subsidiaries, taken as a whole.

"Subsidiary" means any corporation of which at least a majority of the outstanding voting stock is owned by the Company or by other Subsidiaries, but will not include any such corporation (an "Affiliated Corporation") which (1) does not transact any substantial portion of its business or regularly maintain any substantial portion of its operating assets in the United States; (2) is principally engaged in financing sales or leases of merchandise, equipment or services by the Company, a Subsidiary or another Affiliated Corporation; (3) is principally engaged in holding or dealing in real estate or (4) is principally engaged in the holding of stock in, and/or the financing of operations of, Affiliated Corporations.

"Wholly-Owned Subsidiary" means a Subsidiary of which all of the outstanding voting stock (other than directors' qualifying shares) is at the time, directly or indirectly, owned by the Company and/or by one or more Wholly-Owned Subsidiaries.

CONSOLIDATION, MERGER, SALE OR LEASE OF ASSETS

Each Indenture provides that the Company, without the consent of the holders of any of the outstanding Debt Securities, may consolidate with or merge into, or transfer or lease its assets substantially as an entirety to, any corporation organized under the laws of any domestic jurisdiction, provided that (1) the successor corporation assumes the Company's obligations under such Indenture and the Debt Securities issued thereunder; (2) after giving effect to the transaction, no Event of Default and no event which, after notice or lapse of time, would become an Event of Default shall have occurred and be continuing and (3) certain other conditions are met.

EVENTS OF DEFAULT

The following are Events of Default under the Indentures with respect to Debt Securities of any series: (1) failure to pay principal of or any premium on any Debt Security of that series when due; (2) failure to pay any interest on any Debt Security of that series when due, continued for 30 days; (3) failure to deposit any sinking fund payment in respect of any Debt Security of that series when due; (4) failure to perform any other covenant of the Company in the applicable Indenture (other than a covenant included in such Indenture solely for the benefit of a series of Debt Securities other than that series), continued for 60 days (90 days in the case of the Subordinated Indenture) after written notice as provided in the Indenture; (5) certain events of bankruptcy, insolvency or reorganization and (6) any other Event of Default provided with respect to Debt Securities of that series. Such other Events of Default, if any, will be described in the Prospectus Supplement relating to such Debt Securities.

If any Event of Default with respect to Debt Securities of any series at the time outstanding occurs and is continuing, either the Trustee or the holders of at least 25% in aggregate principal amount of the outstanding Debt Securities of that series may declare the principal amount (or, if the Debt Securities of that series are issued with original issue discount, such portion of the principal amount as may be specified in the terms of that series) of all the Debt Securities of that series to be due and payable immediately. At any time after a declaration of acceleration with respect to Debt Securities of any series has been made, but before a judgment or decree based on acceleration has been obtained, the holders of a majority in aggregate principal amount of outstanding Debt Securities of that series may, under certain circumstances, rescind and annul such acceleration.

The Indentures provide that, subject to the duty of the Trustee during default to act with the required standard of care, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders, unless such holders shall have offered to the Trustee reasonable indemnity. Subject to such provisions for the indemnification of the Trustee, the holders of a majority in aggregate principal amount of the outstanding Debt Securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the Debt Securities of that series.

The Company is required to furnish the Trustees annually with a statement as to the performance by the Company of certain of its obligations under the Indentures and as to any default in such performance.

MODIFICATION AND WAIVER

Each Indenture provides that the Company and the Trustee may, without the consent of any holders of Debt Securities, enter into supplemental indentures for the purposes, among other things, of adding to the Company's covenants, adding any additional Events of Default, establishing the form or terms of Debt Securities or curing ambiguities or inconsistencies in such Indentures or making other provisions; provided such action shall not adversely affect the interests of the holders of any series of outstanding Debt Securities in any material respect.

Modifications of and amendments to the Indentures may be made by the Company and the Trustee with the consent of the holders of a majority (66 2/3% in the case of the Senior Indenture) in aggregate principal amount of the outstanding Debt Securities of each series affected by such modification or amendment; provided, however, that no such modification or amendment may without the consent of the holder of each outstanding Debt Security affected thereby (1) change the stated maturity of the principal of, or any installment of principal or interest on, any Debt Security; (2) reduce the principal amount of, or any premium or interest on, any Debt Security; (3) reduce the amount of principal of Debt Securities issued with original issue discount payable upon acceleration of the maturity thereof; (4) change the currency of payment of principal of, or any premium or interest on, any Debt Security; (5) impair the right to institute suit for the enforcement of any payment on or with respect to any Debt Security; (6) reduce the percentage in principal amount of outstanding Debt Securities of any series, the consent of whose holders is required for modification or amendment of the Indenture or for waiver of compliance with certain provisions of, or of certain defaults under, such Indenture or (7) limit certain obligations of the Company to maintain an office or agency in the places and for the purposes required by such Indenture.

The holders of a majority in aggregate principal amount of the outstanding Debt Securities of each series may, on behalf of all holders of Debt Securities of that series, waive any past default under the applicable Indenture with respect to Debt Securities of that series, except a default in the payment of the principal of or any premium or interest on any of the Debt Securities of such series or in respect of a covenant or provision of such Indenture that cannot, under the terms of such Indenture, be modified or amended without the consent of the holders of each outstanding Debt Security affected thereby.

DEFEASANCE

Each Indenture provides that, if such provision is made applicable to the Debt Securities of any series, the Company, at its option, will be discharged from its obligations in respect of the outstanding Debt Securities of a series (except for certain obligations to register the transfer or exchange of Debt Securities of such series, convert Debt Securities of such series, replace stolen, lost or mutilated Debt Securities of such series, maintain paying agencies and hold moneys for payment in trust) or, in the case of Senior Debt Securities, will not be subject to certain covenants applicable to the Debt Securities of such series, in each case if the Company deposits with the Trustee, in trust, money or U.S. Government Obligations which through the payment of interest thereon and principal thereof in accordance with their terms will provide money in an amount sufficient to pay all the principal of, and premium, if any, and any interest on the Debt Securities of such series on the dates such payments are due in accordance with the terms of such Debt Securities. To exercise any such option, the Company is required, among other things, to deliver to the Trustee an opinion of counsel to the effect that the deposit and related defeasance would not cause the holders of the Debt Securities of such series to recognize income, gain or loss for United States income tax purposes.

CONVERSION RIGHTS

The terms on which and the prices at which Subordinated Debt Securities of a series may be convertible into Common Stock will be set forth in the Prospectus Supplement relating thereto. Such terms will include provisions as to whether conversion is mandatory, at the option of the holder or at the option of the Company.

SUBORDINATION PROVISIONS

Except as described in the applicable Prospectus Supplement, the indebtedness evidenced by the Subordinated Debt Securities will be subordinate in right of payment to all Senior Indebtedness (as hereinafter defined).

No payment shall be made by the Company on account of principal of, and premium, if any, or interest on the Subordinated Debt Securities or on account of the purchase, redemption or other acquisition of the Subordinated Debt Securities if there shall have occurred and be continuing any default in the payment of principal, premium, if any, or interest on any Senior Indebtedness continuing beyond the period of grace, if any, specified in the instrument evidencing such Senior Indebtedness.

Upon any distribution of assets of the Company upon any dissolution, winding up, liquidation or reorganization, the payment of the principal of, and premium, if any, and interest on the Subordinated Debt Securities is to be subordinated to the extent provided in the Subordinated Indenture in right of payment to the prior payment in full of all Senior Indebtedness. By reason of this provision, in the event of the Company's dissolution or insolvency, holders of Senior Indebtedness may receive more, ratably, and holders of Subordinated Debt Securities may receive less, ratably, than the other creditors of the Company.

The foregoing subordination provisions will not prevent the occurrence of any Event of Default under the Subordinated Indenture.

The term "Senior Indebtedness" will be defined to mean the principal of, premium, if any, and any interest on, and any other payment due pursuant to the terms of an instrument (including, without limitation, fees, expenses, collection expenses (including attorneys' fees), interest yield amounts, post-petition interest and taxes) creating, securing or evidencing any of the following, whether outstanding on the date of the Subordinated Indenture or thereafter incurred or created:

(1) All indebtedness of the Company for money borrowed or constituting reimbursement obligations with respect to letters of credit (including indebtedness secured by a mortgage, conditional sales contract or other lien which is (A) given to secure all or a part of the purchase price of property subject thereto, whether given to the vendor of such property or to another, or (B) existing on property at the time of acquisition thereof);

(2) All indebtedness of the Company evidenced by notes, debentures, bonds or other securities;

(3) All indebtedness of others of the kinds described in either of the preceding clauses (1) or (2) assumed by or guaranteed in any manner by the Company or in effect guaranteed by the Company through an agreement to purchase, contingent or otherwise; and

(4) All renewals, deferrals, increases, extensions or refundings of and modifications to indebtedness of the kinds described in any of the preceding clauses (1), (2) or (3);

except (A) the Subordinated Debt Securities, (B) certain outstanding subordinated indebtedness of the Company, which indebtedness at December 31, 1996 was approximately \$644 million and (C) any indebtedness, renewal, extension or refunding that, under the provisions of the instrument creating, evidencing, or assuming or guaranteeing it, is not superior in right of payment to the Subordinated Debt Securities or is subordinate by its terms in right of payment to the Subordinated Debt Securities.

As of December 31, 1996, the Company had Senior Indebtedness (excluding accrued interest and premium, if any) of approximately \$1.6 billion. The amount of Senior Indebtedness may change in the future. The Subordinated Indenture contains no limitations on the incurrence of Senior Indebtedness.

NOTICES

Except as otherwise provided in the Indentures, notices to holders of Bearer Securities will be given by publication at least twice in a daily newspaper in The City of New York and, if Debt Securities of such series are then listed on The International Stock Exchange of the United Kingdom and the Republic of Ireland Limited or the Luxembourg Stock Exchange or any other stock exchange located outside the United States

and such stock exchange shall so require, in a daily newspaper in London or Luxembourg or any other required city located outside the United States, as the case may be, or, if not practicable, elsewhere in Europe. Notices to holders of Registered Securities will be given by mail to the addresses of such holders as they appear in the Security Register.

GOVERNING LAW

The Indentures, the Debt Securities and the coupons, if any, will be governed by, and construed in accordance with, the laws of the State of New York.

CONCERNING THE TRUSTEES

Each Trustee has normal banking relationships with the Company and also serves as trustee under other indentures with the Company pursuant to which unsecured debt securities are currently outstanding.

DESCRIPTION OF CAPITAL STOCK

The following descriptions do not purport to be complete and are subject to, and qualified in their entirety by reference to, the more complete descriptions thereof set forth in (1) the Company's Certificate of Incorporation; (2) the Company's By-Laws and (3) the Rights Agreement (as defined below), all of which are exhibits to the Registration Statement.

The Company's authorized capital stock consists of 360,000,000 shares of Common Stock, par value \$.01 per share, and 40,000,000 shares of Preferred Stock, par value \$1 per share.

As of December 31, 1996, there were 174.8 million shares of Common Stock outstanding, and the Company had reserved 158.2 million additional shares of Common Stock for issuance pursuant to various employee benefit plans and upon the conversion of outstanding shares of Preferred Stock and other outstanding securities.

The Board of Directors has authorized the issuance of 30,000,000 shares of Series A Cumulative Convertible Preferred Stock (the "Series A Preferred Stock"), 10 shares of Series B Cumulative Convertible Preferred Stock (the "Series B Preferred Stock") and 20 shares of Series C Cumulative Preferred Stock (the "Series C Preferred Stock") and 1,500,000 shares of Junior Participating Preferred Stock (the "Junior Preferred Stock"). As of December 31, 1996, there were 28.4 million shares of Series A Preferred Stock, 10 shares of Series B Preferred Stock, 20 shares of Series C Preferred Stock and no shares of Junior Preferred Stock outstanding.

The Series A Preferred Stock, the Series B Preferred Stock and the Series C Preferred Stock rank on a parity with each other, and prior to the Common Stock and the Junior Preferred Stock, as to payment of dividends and as to distribution of assets upon liquidation, dissolution or winding up of the Company. Unless otherwise set forth in the applicable Prospectus Supplement, each series of Preferred Stock offered hereby will rank on a parity with each other such series and with the Series A, Series B and Series C Preferred Stock.

COMMON STOCK

General

Subject to the rights of the holders of shares of Preferred Stock, holders of shares of Common Stock (1) are entitled to receive dividends when and as declared by the Board of Directors of the Company from funds legally available for that purpose; (2) have the exclusive right, except as otherwise may be required by law, to vote for the election of directors and for all other purposes and (3) are entitled, upon any liquidation, dissolution or winding up of the Company, to a pro rata distribution of the assets and funds of the Company available for distribution to stockholders. Each share of Common Stock is entitled to one vote on all matters on which stockholders generally are entitled to vote. Holders of shares of Common Stock do not have preemptive rights to subscribe for additional shares of Common Stock or securities convertible into shares of Common Stock. The Common Stock is traded on the New York Stock Exchange and prices are reported by

the New York Stock Exchange Composite Tape under the symbol UIS. Harris Trust Company of New York is the transfer agent for the Common Stock.

Dividend Limitations

The Company has not declared or paid any cash dividends on the Common Stock since 1990 and does not anticipate declaring or paying dividends on the Common Stock in the foreseeable future. In addition, the Company's most restrictive outstanding debt instruments generally limit aggregate dividends paid on the Company's capital stock since June 30, 1992 (other than \$185 million paid in respect of dividends in arrears) to an amount no greater than 50% of cumulative consolidated net income since July 1, 1992, plus capital contributions and proceeds of equity issuances, plus \$150 million.

Preferred Share Purchase Rights and Junior Participating Preferred Stock

The Company has distributed to its stockholders one Preferred Share Purchase Right (the "Rights") with respect to each outstanding share of Common Stock pursuant to a Rights Agreement (the "Rights Agreement") dated as of March 7, 1986 between the Company and Harris Trust Company of New York, as Rights Agent. Each Right entitles the holder thereof, until the earlier of March 17, 2001 or the redemption of the Rights, to buy one three-hundredth of a share of the Junior Preferred Stock at an exercise price of \$75. The Rights are represented by the certificates for shares of Common Stock and will not be exercisable, or transferable apart from the shares of Common Stock, until the earlier of the tenth day after the announcement that a person or group has acquired beneficial ownership of 20% or more of the shares of Common Stock (a "20% holder") or the tenth day after a person commences, or announces an intention to commence, an offer, the consummation of which would result in a person beneficially owning 30% or more of the shares of Common Stock as of such date (the earlier of such dates being called the "Distribution Date"). The Rights could then begin trading separately from the shares of Common Stock.

In the event that the Company is acquired in a merger or other business combination transaction, each Right will entitle its holder to purchase, at the exercise price of the Right, that number of shares of common stock of the surviving company which, at the time of such transaction, would have a market value of two times the exercise price of the Right. Alternatively, if a 20% holder were to acquire the Company by means of a reverse merger in which the Company and its stock survive, or were to engage in certain "self-dealing" transactions, each Right not owned by the 20% holder would become exercisable for the number of shares of Common Stock which, at that time, would have a market value of two times the exercise price of the Right.

The Rights are redeemable at \$.01 $\frac{2}{3}$ per Right at any time prior to the time that a person or group has acquired beneficial ownership of 20% of the shares of Common Stock. The Rights will expire on March 17, 2001 (the "Final Expiration Date"), unless the Final Expiration Date is extended or unless the Rights are earlier redeemed by the Company in accordance with their terms. At no time will the Rights have any voting rights.

The foregoing summary of the Rights does not purport to be complete and is qualified in its entirety by reference to the Rights Agreement, which is an exhibit to the Registration Statement.

The shares of Junior Preferred Stock purchasable upon exercise of the Rights will be nonredeemable. Each share of Junior Preferred Stock will have a minimum preferential quarterly dividend of \$15 per share, but will be entitled to a dividend of 300 times the aggregate dividend declared per share of Common Stock. In the event of liquidation, the holders of the shares of Junior Preferred Stock will receive a preferred liquidation payment of \$100 per share, but will be entitled to receive an aggregate liquidation payment per share equal to 300 times the payment made per share of Common Stock. Each share of the Junior Preferred Stock will have 300 votes, voting together with the shares of Common Stock. In the event of any merger, consolidation or other transaction in which shares of Common Stock are exchanged, each share of the Junior Preferred Stock will be entitled to receive 300 times the amount received per share of Common Stock. The Junior Preferred Stock has customary antidilution provisions to protect the dividend, liquidation and voting rights described above.

The purchase price payable, and the number of shares of Junior Preferred Stock or other securities or property issuable, upon exercise of the Rights are subject to adjustment from time to time to prevent dilution (1) in the event of a stock dividend on, or a subdivision, combination or reclassification of the shares of Junior Preferred Stock; (2) as a result of the grant to holders of the shares of Junior Preferred Stock of certain rights or warrants to subscribe for shares of Junior Preferred Stock or of securities convertible into shares of Junior Preferred Stock (at a price, or with a conversion price, respectively, less than the then current market price for the shares of Junior Preferred Stock) or (3) as a result of the distribution to holders of the shares of Junior Preferred Stock of evidences of indebtedness or assets (excluding regular periodic cash dividends at a rate not in excess of 125% of the rate of the last cash dividend theretofore paid or dividends payable in shares of Junior Preferred Stock) or of subscription rights or warrants (other than those referred to above). With certain exceptions, no adjustment in the purchase price will be required until cumulative adjustments require an adjustment of at least 1% in such purchase price. The percentage of a share of Junior Preferred Stock for which a Right is exercisable and the number of Rights outstanding are also subject to adjustment in the event of dividends on the shares of Common Stock payable in shares of Common Stock or subdivisions, combinations or consolidations of the shares of Common Stock, occurring, in any case, before the Rights become exercisable or transferable apart from the shares of Common Stock.

One Right is presently associated with each issued and outstanding share of Common Stock. The Company will issue one Right with each share of Common Stock issued prior to the Final Expiration Date unless, prior to such issuance, the Rights are redeemed or become exercisable and transferable apart from the shares of Common Stock.

The Rights have certain anti-takeover effects. The Rights may cause substantial dilution to a person or group that attempts to acquire the Company on terms that the Board of Directors determines are not in the best interests of the Company's stockholders, except pursuant to an offer conditioned on a substantial number of Rights being acquired. The Rights should not interfere with any merger or other business combination approved by the Board of Directors since the Rights may be redeemed by the Company at \$.01 2/3 per Right prior to the time that a person or group has acquired beneficial ownership of 20% or more of the shares of Common Stock.

Anti-Takeover Provisions

The Company is a Delaware corporation and subject to Section 203 of the Delaware General Corporation Law. Generally, Section 203 prohibits a publicly held Delaware corporation from engaging in a "business combination" with an "interested stockholder" for a period of three years after the date of the transaction in which the person became an interested stockholder, unless (1) prior to such date, either the business combination or such transaction is approved by the board of directors of the corporation; (2) upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owns at least 85% of the outstanding voting stock or (3) on or after such date the business combination is approved by the board and by the affirmative vote of at least 66 2/3% of the outstanding voting stock that is not owned by the interested stockholder. A "business combination" includes mergers, asset sales and other transactions resulting in a financial benefit to the interested stockholder. An "interested stockholder" is a person who, together with affiliates and associates, owns (or within three years, did own) 15% or more of the corporation's outstanding voting stock.

The Company's Certificate of Incorporation and By-Laws contain certain anti-takeover provisions that are intended to enhance the likelihood of continuity and stability in the composition of the Board of Directors and that may have the effect of delaying, deferring or preventing a future takeover or change in control of the Company unless such takeover or change in control is approved by the Board of Directors. Such provisions may also render the removal of the current Board of Directors more difficult.

The Company's Certificate of Incorporation and By-Laws provide that the Board of Directors shall consist of not less than 10 nor more than 20 directors (subject to any rights of the holders of shares of Preferred Stock to elect additional directors), with the exact number to be fixed by the Board of Directors pursuant to a resolution adopted by a majority of the entire Board. The Board of Directors is divided into three

classes of directors, which classes are as nearly equal in number as possible. One class of directors is elected each year for a term of three years. Directors may be removed from office only for cause and only by the affirmative vote of the holders of at least 80% of the voting power of all capital stock of the Company entitled to vote generally in the election of directors (the "Voting Stock"), voting as a single class. Subject to any rights of the holders of shares of Preferred Stock, vacancies in the Board of Directors and newly created directorships are filled for the unexpired term only by the vote of a majority of the remaining directors in office. Pursuant to the Certificate of Incorporation, advance notice of stockholder nominations for the election of directors must be given in the manner provided in the Company's By-Laws. The By-Laws provide that written notice of the intent of a stockholder to make a nomination at a meeting of stockholders must be delivered to the Secretary of the Company not less than 90 days prior to the date of the meeting, in the case of an annual meeting, and not more than seven days following the date of notice of the meeting, in the case of a special meeting. The notice must contain certain background information about the nominee and the number of shares of the Company's capital stock beneficially owned by the nominee. The affirmative vote of the holders of 80% or more of the voting power of the then outstanding shares of Voting Stock, voting as a single class, is required to amend, alter or repeal the provisions of the Certificate of Incorporation and the By-Laws discussed above.

The Company's Certificate of Incorporation also provides that certain mergers, consolidations, sales or other transfers of assets of, issuances or reclassifications of securities of, or adoptions of plans of liquidation by the Company (individually, a "Business Combination") must be approved by an affirmative vote of the holders of 80% or more of the voting power of the then outstanding shares of Voting Stock, voting as a single class, when such action involves a person (an "Interested Stockholder") who beneficially owns more than 20% of the voting power of the then outstanding shares of Voting Stock, unless certain minimum price, form of consideration and procedural requirements (the "Fair Price Provisions") are satisfied or unless a majority of the directors not affiliated with the Interested Stockholder approve the Business Combination. The affirmative vote of the holders of 80% or more of the voting power of the then outstanding shares of Voting Stock, voting as a single class, is required to amend, alter or repeal such provisions of the Certificate of Incorporation.

Under the Certificate of Incorporation and By-Laws, except as otherwise required by law and subject to the rights of the holders of shares of Preferred Stock, stockholders may not call a special meeting of stockholders. Only the Board of Directors, pursuant to a resolution adopted by a majority of the entire Board, may call a special meeting of stockholders. The General Corporation Law of the State of Delaware provides that, unless specifically prohibited by the certificate of incorporation, any action required or permitted to be taken by stockholders of a corporation may be taken without a meeting, without prior notice, and without a stockholder vote if a written consent or consents setting forth the action to be taken is signed by the holders of outstanding shares of capital stock having the requisite number of votes that would be necessary to authorize or take such action at a meeting of stockholders. The Company's Certificate of Incorporation requires that stockholder action be taken at a meeting of stockholders and prohibits stockholder action by written consent. The affirmative vote of the holders of 80% or more of the voting power of the then outstanding shares of Voting Stock, voting as a single class, is required to amend, alter or repeal the provisions of the Certificate of Incorporation and By-Laws discussed above.

The purpose of certain provisions of the Certificate of Incorporation and By-Laws discussed above relating to (1) a classified Board of Directors; (2) the removal of directors and the filling of vacancies; (3) the prohibition of stockholder action by written consent and (4) supermajority voting requirements for the repeal of provisions (1) through (3) is to help assure the continuity and stability of the business strategies and policies of the Company and to discourage certain types of transactions that involve an actual or threatened change of control of the Company. They are designed to make it more difficult and time-consuming to change majority control of the Board of Directors and thus to reduce the vulnerability of the Company to an unsolicited takeover proposal that does not contemplate the acquisition of at least 80% of the voting power of all of the Voting Stock or to an unsolicited proposal for the restructuring or sale of all or part of the Company.

Such charter and by-law provisions may make more difficult or discourage a proxy contest, or the assumption of control, by a holder of a substantial block of shares of Common Stock, or the removal of the incumbent Board of Directors, and could thus increase the likelihood that incumbent directors will retain their

positions. In addition, since the Fair Price Provisions discussed above provide that certain business combinations involving the Company and a certain type of stockholder which do not meet specified criteria or are not approved by supermajority vote cannot be consummated without the approval of a majority of those directors who are not affiliated with such stockholder, such provisions could give incumbent management the power to prevent certain takeovers. The Fair Price Provisions may also discourage attempts to effect a "two-step" acquisition in which a third party purchases a controlling interest in cash and acquires the balance of the voting stock of the Company for less desirable consideration. Under the classified board and related provisions, the third party would not immediately obtain the ability to control the Board of Directors through its first-step acquisition and, under the Fair Price Provisions, having made the first-step acquisition, the third party could not acquire the balance of the Voting Stock for a lower price without a supermajority vote or the approval of a majority of such unaffiliated directors.

These provisions of the Certificate of Incorporation and By-Laws help ensure that the Board of Directors, if confronted with an unsolicited proposal from a third party which has acquired a block of shares of Common Stock, will have sufficient time to review the proposal and appropriate alternatives for the Company's stockholders.

Such charter and by-law provisions are intended to encourage persons seeking to acquire control of the Company to initiate such an acquisition through arm's-length negotiations with the Board of Directors, who would then be in a position to negotiate a transaction which would treat all stockholders in substantially the same manner. Such provisions may have the effect of discouraging a third party from making an unsolicited tender offer or otherwise attempting to obtain control of the Company, even though such an attempt might be beneficial to the Company and its stockholders. In addition, since the provisions are designed to discourage accumulations of large blocks of shares of Common Stock by purchasers whose objective is to have such shares repurchased by the Company at a premium, such provisions could tend to reduce the temporary fluctuations in the market price of Common Stock caused by such accumulations. Accordingly, stockholders of the Company could be deprived of certain opportunities to sell their shares at a temporarily higher market price.

The Rights could also have the effect of delaying, deferring or preventing a takeover or change in control of the Company. See "Common Stock -- Preferred Share Purchase Rights and Junior Participating Preferred Stock".

PREFERRED STOCK

The following description sets forth certain general terms and provisions of the Preferred Stock to which any Prospectus Supplement may relate. Certain other terms of a particular series of Preferred Stock will be described in the Prospectus Supplement relating to that series. If so indicated in the Prospectus Supplement, the terms of any such series may differ from the terms set forth below. The description of certain provisions of the Preferred Stock set forth below and in any Prospectus Supplement does not purport to be complete and is subject to and qualified in its entirety by reference to the Company's Certificate of Incorporation and the Certificate of Designation relating to each such series of Preferred Stock, which will be filed with the Commission in connection with the offering of such series of Preferred Stock.

Under the Company's Certificate of Incorporation, the Board of Directors may, by resolution, establish series of Preferred Stock having such voting powers, and such designations, preferences and relative, participating, optional or other special rights, and qualifications, limitations or restrictions thereof, as the Board of Directors may determine.

The Preferred Stock offered hereby will have the dividend, liquidation, redemption and voting rights set forth below unless otherwise provided in the Prospectus Supplement relating to a particular series of Preferred Stock. Reference is made to the Prospectus Supplement relating to the particular series of Preferred Stock offered thereby for specific terms, including: (1) the designation and stated value per share of such Preferred Stock and the number of shares offered; (2) the amount of liquidation preference per share; (3) the price at which such Preferred Stock will be issued; (4) the dividend rate (or method of calculation), the dates on which dividends will be payable, whether such dividends will be cumulative or noncumulative and, if

cumulative, the dates from which dividends will commence to cumulate; (5) any redemption or sinking fund provisions; (6) any conversion rights and (7) any additional voting, dividend, liquidation, redemption, sinking fund and other rights, preferences, privileges, limitations and restrictions.

The Preferred Stock offered hereby will be issued in one or more series. The holders of Preferred Stock will have no pre-emptive rights. Preferred Stock will be fully paid and nonassessable upon issuance against full payment of the purchase price therefor. Unless otherwise specified in the Prospectus Supplement relating to a particular series of Preferred Stock, each series of Preferred Stock will, with respect to dividend rights and rights on liquidation, dissolution and winding up of the Company, rank prior to the Common Stock and the Junior Preferred Stock (the "Junior Stock") and on a parity with the Series A, Series B and Series C Preferred Stock and each other series of Preferred Stock offered hereby (the "Parity Stock").

Dividend Rights

Holders of the Preferred Stock of each series will be entitled to receive, when, as and if declared by the Board of Directors of the Company, out of funds legally available therefor, cash dividends at such rates and on such dates as are set forth in the Prospectus Supplement relating to such series of Preferred Stock. Such rate may be fixed or variable or both. Each such dividend will be payable to the holders of record as they appear on the stock books of the Company on such record dates as will be fixed by the Board of Directors of the Company. Dividends on any series of the Preferred Stock may be cumulative or noncumulative, as provided in the Prospectus Supplement relating thereto. If the Board of Directors of the Company fails to declare a dividend payable on a dividend payment date on any series of Preferred Stock for which dividends are noncumulative, then the right to receive a dividend in respect of the dividend period ending on such dividend payment date will be lost, and the Company will have no obligation to pay the dividend accrued for that period, whether or not dividends are declared for any future period. Dividends on shares of each series of Preferred Stock for which dividends are cumulative will accrue from the date set forth in the applicable Prospectus Supplement.

The Preferred Stock of each series will include customary provisions (1) restricting the payment of dividends or the making of other distributions on, or the redemption, purchase or other acquisition of, Junior Stock unless full dividends, including, in the case of cumulative Preferred Stock, accruals, if any, in respect of prior dividend periods, on the shares of such series of Preferred Stock have been paid and (2) providing for the pro rata payment of dividends on such series and other Parity Stock when dividends have not been paid in full upon such series and other Parity Stock.

See "Certain Provisions of Outstanding Preferred Stock" for a description of provisions of the Company's Series A, Series B and Series C Preferred Stock that could limit the Company's ability to pay dividends on the Preferred Stock offered hereby.

Rights Upon Liquidation

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Company, the holders of each series of Preferred Stock will be entitled to receive out of assets of the Company available for distribution to stockholders, before any distribution of assets is made to holders of Junior Stock, liquidating distributions in the amount set forth in the Prospectus Supplement relating to such series of Preferred Stock plus an amount equal to accrued and unpaid dividends. If, upon any voluntary or involuntary liquidation, dissolution or winding up of the Company, the amounts payable with respect to the Preferred Stock of any series and any Parity Stock are not paid in full, the holders of the Preferred Stock of such series and of such Parity Stock will share ratably in any such distribution of assets of the Company in proportion to the full respective preferential amounts (which may include accumulated dividends) to which they are entitled. After payment of the full amount of the liquidating distribution to which they are entitled, the holders of such series of Preferred Stock will have no right or claim to any of the remaining assets of the Company. Neither the sale of all or a portion of the Company's assets nor the merger or consolidation of the Company into or with any other corporation shall be deemed to be a dissolution, liquidation or winding up, voluntarily or involuntarily, of the Company.

Redemption

The terms, if any, on which shares of a series of Preferred Stock may be subject to optional or mandatory redemption will be set forth in the Prospectus Supplement relating to such series.

Conversion

The terms, if any, on which shares of any series of Preferred Stock are convertible into Common Stock will be set forth in the Prospectus Supplement relating thereto.

Voting Rights

The holders of Preferred Stock of a series offered hereby will not be entitled to vote except as indicated below or in the Prospectus Supplement relating to such series of Preferred Stock or as required by applicable law. Unless otherwise specified in the Prospectus Supplement relating to a particular series of Preferred Stock, when and if any such series is entitled to vote, each share in such series will be entitled to one vote.

Unless otherwise specified in the related Prospectus Supplement, holders of shares of a series of Preferred Stock will have the following voting rights. If, on the date used to determine stockholders of record for any meeting of stockholders of the Company at which directors are to be elected, dividends payable on any series of Preferred Stock offered hereby and any other series of Parity Stock are in arrears in an amount equal to at least six quarterly dividends, the number of directors of the Company will be increased by two and the holders of all such series of Preferred Stock, voting as a class without regard to series, will be entitled to elect such two additional directors at such meeting. The affirmative vote or consent of the holders of at least a majority of the outstanding shares of a series of Preferred Stock and any other series of Parity Stock also being affected, voting as a single class without regard to series, will be required for any amendment of the Company's Certificate of Incorporation if the amendment would have a materially adverse effect on the powers, preferences or special rights of such series. The affirmative vote or consent of the holders of at least two-thirds of the outstanding shares of a series of Preferred Stock and any other series of Parity Stock, voting as a single class without regard to series, will be required to authorize, create or issue, or increase the authorized amount of, any class or series of capital stock ranking prior to such series of Preferred Stock as to dividends or upon liquidation.

CERTAIN PROVISIONS OF OUTSTANDING PREFERRED STOCK

As of December 31, 1996, there were 28.4 million shares of Series A Preferred Stock, 10 shares of Series B Preferred Stock and 20 shares of Series C Preferred Stock outstanding. The Series A Preferred Stock accrues quarterly cumulative dividends at the annual rate of \$3.75 per share and is entitled to receive \$50 per share, plus accrued and unpaid dividends, upon liquidation. Each of the Series B Preferred Stock and the Series C Preferred Stock has a stated value of \$5 million per share, accrues quarterly cumulative dividends based on such stated value at the rate of 9 1/2% per annum, accrues dividends on the amount of any unpaid dividends and is entitled to receive the stated value, plus accrued and unpaid dividends, upon liquidation.

Each of the Series A, Series B and Series C Preferred Stock prohibits the payment of cash dividends or other distributions on, and the purchase, redemption or other acquisition of, any shares of Junior Stock until all accrued and unpaid dividends on such series of Preferred Stock have been paid. When dividends are not paid in full on such series of Preferred Stock, all dividends paid upon shares of such series and Parity Stock must be paid pro rata so that the amount of dividends paid per share on such series and the Parity Stock bear to each other the same ratio that accrued dividends per share on such series and the Parity Stock bear to each other.

DESCRIPTION OF THE WARRANTS

The Company may issue Warrants for the purchase of Debt Securities, Preferred Stock or Common Stock. Warrants may be issued independently or together with Debt Securities, Preferred Stock or Common Stock offered by any Prospectus Supplement and may be attached to or separate from any such Securities. PLAN OF DISTRIBUTION

The Offered Securities may be sold to underwriters for public offering pursuant to terms of offering fixed at the time of sale. In addition, the Offered Securities may be sold by the Company to other purchasers directly or through agents. Any such underwriter or agent involved in the offer and sale of the Offered Securities will be named in an applicable Prospectus Supplement.

Underwriters may offer and sell the Offered Securities at a fixed price or prices, which may be changed, or from time to time at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices. The Company also may offer and sell the Offered Securities in exchange for one or more of its outstanding issues of debt securities. The Company also may, from time to time, authorize underwriters acting as the Company's agents to offer and sell the Offered Securities upon the terms and conditions as shall be set forth in an applicable Prospectus Supplement. In connection with the sale of Offered Securities, underwriters may be deemed to have received compensation from the Company in the form of underwriting discounts or commissions and may also receive commissions from purchasers of Offered Securities for whom they may act as agents. Underwriters may sell Offered Securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions (which may be changed from time to time) from the purchasers for whom they may act as agents.

Any underwriting compensation paid by the Company to underwriters or agents in connection with the offering of Offered Securities, and any discounts, concessions or commissions allowed by underwriters to participating dealers, will be set forth in an applicable Prospectus Supplement. Underwriters, dealers and agents participating in the distribution of the Offered Securities may be deemed to be underwriters, and any discounts and commissions received by them and any profit realized by them on resale of the Offered Securities may be deemed to be underwriting discounts and commissions under the Securities Act. Underwriters, dealers and agents may be entitled, under agreements entered into with the Company, to indemnification against and contribution toward certain civil liabilities, including liabilities under the Securities Act, and to reimbursement by the Company for certain expenses.

If so indicated in an applicable Prospectus Supplement, the Company may authorize agents, underwriters or dealers acting as the Company's agents to solicit offers from certain institutional investors to purchase Offered Securities from the Company at the public offering price set forth in the Prospectus Supplement pursuant to Delayed Delivery Contracts ("Contracts") providing for payment and delivery on a future date or dates specified therein. There may be limitations on the minimum amount which may be purchased by any such institutional investor or on the portion of the aggregate amount of the particular Offered Securities which may be sold pursuant to such arrangements. Institutional investors to which such offers may be made, when offered, include commercial and savings banks, insurance companies, pension funds, investment banks, educational and charitable institutions and such other institutions as may be approved by the Company. Each Contract will be subject to the approval of the Company. Contracts will not be subject to any conditions except (1) purchase shall not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which the purchaser is subject and (2) if the Offered Securities are being sold to underwriters, the Company shall have sold to underwriters the total amount of the Offered Securities less the amount covered by Contracts. Agents or underwriters will have no responsibility in respect of the delivery or performance of Contracts.

Each underwriter, dealer and agent participating in the distribution of any Offered Securities which are Bearer Securities will agree that it will not offer, sell or deliver, directly or indirectly, Bearer Securities in the United States or to U.S. Persons (other than qualifying financial institutions), in connection with the original issuance of the Offered Securities. See "Limitations on Issuance of Bearer Securities".
